(May 16, 2014 12:24 AM)Codypls Wrote: [\[CITE\]](#) This guy is the true socialhero. Not the one we deserved, but the one we needed.

Upon purchasing some Facebook likes, we sky rocketed to the galaxies above, defying all laws of gravity and all physics workings as we know it.

We defeated all the evil doers, plunged the deepest oceans, raised the bar far above what I had imagined. Not only was SocialHero super handsome and jaw droppingly nice, he has the sixpack that only a god could desire. I mean seriously, just look at that GOD DAMN BANDANA. This guy KNOWS his shit. And that belt buckle, my god, SO HANDSOME.

Okay I might be high, I bought some likes and he was nice. (Jul 18, 2015 11:24 AM)hanzae Wrote: [\[CITE\]](#) Okay. Dropping my vouch. Having used a few of Ken's services now, I've been met with nothing but professionalism, the first order were a bulk of followers - the second order was for a bulk of followers over time but having changed my minds to a few reasons he was happily able to exchange them into likes, I'm really happy with how I was treated, albeit a few longer responses than usual (which was fine, due to the circumstances) I'd say there was no funny business or anything out of order here. Vouching full in for the Social Hero. (Jul 27, 2015 02:17 AM)Releases Wrote: [\[CITE\]](#) So I went on adding him on Skype. When I woke up I got a message from him if I needed any help and how I was doing. Good way too start of the day I must say.

Went on buying 1k IG followers. Sent the money, and in 30 seconds we were up and running. In less than 5 minutes I got the total of 1k followers.

Good service, nice guy and fast delivery. My vouch, you got it! (Jun 11, 2014 07:36 AM) ironreadnought Wrote: [\[CITE\]](#) Absolute pleasure doing business with this guy.

I appreciate my vouch isn't worth much but; I was able to buy 1k HQ Twitter followers for myself & A friend - He made sure they were safely delivered too, not to mention I was only after 100 IG followers for a reduced price, he was kind enough to simply send over a full 1000 IG Followers which had my phone blowing up in seconds.

Huge vouch for this guy, awesome to talk with too.

This guy is the true socialhero. Not the one we deserved, but the one we needed.

Upon purchasing some Facebook likes, we sky rocketed to the galaxies above, defying all laws of gravity and all physics workings as we know it.

We defeated all the evil doers, plunged the deepest oceans, raised the bar far above what I had imagined. Not only was SocialHero super handsome and jaw droppingly nice, he has the sixpack that only a god could desire. I mean seriously, just look at that GOD DAMN BANDANA. This guy KNOWS his shit. And that belt buckle, my god, SO HANDSOME.

Okay I might be high, I bought some likes and he was nice.

I appreciate my vouch isn't worth much but; I was able to buy 1k HQ Twitter followers for myself & A friend - He made sure they were safely delivered too, not to mention I was only after 100 IG followers for a reduced price, he was kind enough to simply send over a full 1000 IG Followers which had my phone blowing up in seconds.

Hello Buddy have a question,

Facebook Page likes are they guaranteed (doesn't need to be 100%, 90% is enough)?.  
I'm looking for around like 5k or more. Is there a limit?

How long would such action take? 24hours? 48 hours?

Replied to your inquiry, check your inbox! THanks

**Ronnie Coleman** - July 17, 2015, 11:10 pm

They are mostly active. I don't buy them on a page. I get them from android/iOS installs.

**hanzae** - July 18, 2015, 11:24 am

Okay. Dropping my vouch. Having used a few of Ken's services now, I've been met with nothing but professionalism, the first order were a bulk of followers - the second order was for a bulk of followers over time but having changed my minds to a few reasons he was happily able to exchange them into likes, I'm really happy with how I was treated, albeit a few longer responses than usual (which was fine, due to the circumstances) I'd say there was no funny business or anything out of order here. Vouching full in for the Social Hero.

It depends. if I tell you 24-48 hours. if it isn't delivered within 48 hours, you can request a refund.

But for large orders, I usually say it can take up to 5 days. But in the end, you get your money back if you don't get what you paid for.

I had that question as well. Regarding Instagram followers, it is separated into HQ and Real. I'm also wondering what the difference is.

Prices for Instagram and Youtube (the ones I'm interested in) are fairly cheap. I will be contacting you soon about it, good luck with sales! ?

I'm seriously interested in Youtube Subscribers but I want HQ and real people so are these like real people or bot? Let me know please. If you have real people subscribers let me know

**Ronnie Coleman** - March 22, 2016, 6:24 am

I sell real youtube subs, but no one seems to be interested in them because they're extremely expensive. Can't blame them, but then again you can't blame me because what I'm selling are real and ACTIVE people obviously.

**Vicckous** - May 27, 2016, 5:18 am

Very highly upset and angry about this service. I trusted this guy for almost a year for all my social networking services. For over a year or so I've went to this guy for any social media followers I need like Twitter, Instagram m, Ect..... Recently I came to him to do a 22k Instagram followers purchase for \$90. I payed him the money, we both agreed to it, and SADLY, I never got my full followers. I only got about 10k followers and I started losing some right away. Very unhappy about this service. I tried contacting him on Skype and the forum here and he seems like he's ignoring me on both. Messaged me on Skype about a week ago and he told me he is going to fix the problem and get all my followers within a week and it's been over a week. Back then whenever I came to this guy he would always respond to me quick and easy. No matter what. Now he just ignores me + I never got my full followers. OP you are lucky I haven't posted a scam report. You are also lucky I haven't did a charge back on PayPal. For any people out there planning on spending lots of money with this guy please be aware. It seems to me like he would do something like this when it's about a lot of money like \$90. Back then when we use to deal for followers on Twitter I use to spend \$30 or so and everything went well. As soon as I spend \$90 on followers he just disappears. It's sad and I'm probably and most likely not buying any type of social media followers from this guy ever again.

**Ronnie Coleman** - June 15, 2016, 10:41 am

Taking orders now. I am resolving previous issue privately with Vicckous via PM. I have been on vacation for almost a month and have been busy with other personal stuff. Now, I'm back. :)

**Vicckous** - June 18, 2016, 4:20 am

edit: OP PM'd me back and the issue has been resolved. he hooked me up with a little more followers, although I'm losing a few, he still hooked me up. thank you for coming back Proficient, I appreciate you not leaving and giving me info about what was going on.

**Ronnie Coleman** - June 18, 2016, 11:18 pm

Hey socialmediahero - its me Popo. I want to purchase more goods from you.

**\$ZEUS** - July 7, 2016, 2:51 pm

These real and active followers, I'm assuming they are not robots, and actually post their own content and will they favorite/retweet mine, or maybe even respond? Just want a bit of info before I start dropping \$30 for 1k... That's quite expensive for followers if you feel me, but if they're active I'll be willing to buy...

**Ronnie Coleman** - October 29, 2016, 2:20 am

In reply to your inquiry, the twitter followers and likes are not real. We use bots to boosts stats.

**?Genghis Khan?** - June 28, 2018, 10:08 am

I went ahead and purchased from this seller, I started off small in order to see if he could fulfill my order and he did it marvelously.

He answered all questions I had with no hesitation. The likes and follows come instantly and they look legitimate according to Instagrams Algorithm.

I will continue to purchase from this seller for his great attitude and his customer service!

WARNING - WARNING - WARNING - WARNING - WARNING - WARNING - WARNING -

WARNING - WARNING - WARNING

I paid this user to get me 30,000 U.S. Instagram followers, 3000 - 5000 U.S. likes per picture, and 100 U.S. comments per picture.

I asked him to give me the followers/likes/comments dripped in 30 days. So each day I should get around 1,000 U.S. followers, around 100 U.S. likes per pic, and 3 comments per day, until 30 days where I'll have all of the likes/comments/followers that I ordered. The terms were all figured out prior to payment and he agreed. Only a few days into the service, I was getting the followers, but not the likes/comments. Then after me messaging him several times he gave me the likes, but no comments. Then after messaging him several times he finally gave me the comments, but all 100 comments at once, not like I asked him to. A few days later I noticed that I went from 10,000 followers to 20,000 in one day and the followers started dropping. So I'd have 20.5k followers, and then in a few hours I'd have 20.3k followers, then 19.6k followers. I also started getting messages and comments from foreign people. I looked and their profiles and they're from India/Singapore/foreign countries. I checked my followers and over 60% of them were not from the U.S. like we agreed.

<https://i.imgur.com/LS5sw4P.png>

After contacting him about the issue, he told me that he ran out of U.S. followers and starting giving me foreign ones. I told him that I only need U.S. followers and can't have foreign ones. He has offered me a refund but hasn't issued it yet or replied to any of my messages in a few days.

I'm assuming at this point that I've been scammed. My followers continue to drop.

If you're looking for low-quality followers/likes this guy can get it done.  
However, I would not recommend this guys service, very low quality.

For more information please contact me and I can send screenshots of our chat.

I'm leaving this on here until my issue has been solved by the seller.

Edit: The refund has been received.

Chill out. I gave you a refund for the \$40, the moment you asked it. The issue has been resolved few minutes you asked for a refund. Note that I offered you a refund, despite giving you all the likes, comments and followers. I think the problem here is you use your friend's paypal to make transactions so you can't really check ? I gave a description describing why I gave a refund in the description, paypal should have emailed you promptly. I removed you on skype because I don't want to deal with you. End of story. PM on HF for further concerns.

I just checked and the refund was received in full on the day that I asked for the refund, however, all communication stopped from the seller. I didn't see the refund until several days later. I sent him 3 messages asking an update on the refund with no response. It could have been a simple, "Hey I sent the refund please check." and I would have checked to make sure I got the refund, but he didn't even say he was going to send it or anything. Still wouldn't recommend this user since I specified everything that I needed, took my money assuring me that he can do the job, and didn't follow through. I was being very nice in all of my messages and he was not being very respectful.

Good luck on sales, however, here's a free bump.

I sent it like 5 minutes after you asked for it. Anyways, thanks, have a nice day.
