OP, I suggest you try this site out,

http://www.fiverr.com/categories/graphics-design/#layout=auto&jls_ca3_auto=1 . Everything there is like \$5 and much cheaper than HF users would charge! Not trying to take out business but however, I would like to save OP money.

Try on the logo.. no payment or w/e needed.

If it's not good enough take a couple tokes and check again.
