I'm looking for a header, with this following size below:

[img]http://bossforums.net/images/bossforums/logo.png[/img]

Please just download this, then erase the text. I will like for you to do something that would like nice on the text, If you are wanting to test your design on the website then you can either message me through here and or navigate to the site, <http://www.bossforums.net> then right click on the header and click 'Inspect Element' then just change the image link to your image which you can upload to the website called, <http://www.i.minus.com>

That looks a little better, it's just not the type of text I'm looking for.

Good luck finding what you need.

Btw you can try doing it on your own, it's not really hard.
