Thread: [3P1C Removed?](#)

Vexane - May 8, 2014, 9:34 pm

I'm just coming back from a 5 day ban and I was removed from 3P1C, can anyone explain please?

Maybe you lost your 3P1C as a result of your ban? Not sure.

I don't think anyone knows why, better to contact Omniscient.

That doesn't sound very awesome at all. I'm sure Omni will clear this up for you.

Wow, so I just threw \$12 out the window?

No, there's got to be a way to get me back in.

Weren't you a part of other groups as well? I don't see any user bars, so maybe a glitch removed you from all groups?

Doesn't MyBB ban automatically removes you from your secondary groups? I am sure Omniscient will add you back.

Sometimes it bugs out and doesn't automatically re-add you. Contact Omniscient if this happens to you with 3p1c
