(May 10, 2014 11:20 AM)DuLL Wrote: [\[CITE\]](#) This e-book will give you a step-by-step guide on what to do and what not to do in the dealing 'game'.

I, personally, read over the entire thing and I have to say it's a well-written piece and you can tell he really took a lot of time in writing it.

However, some of the information in the e-book is pretty obvious and can be thought of without the e-book's assistance-- the book still offers a lot of exclusive information and tips.

If you want to live life on the edge, make some money and avoid getting caught-- this book is for you!

Interesting read, won't ever touch a drug in my life, but for some people, this can be a good eBook.

I've been dealing for some time now too, if you want I can take a look at this e-book and vouch for it if I think it deserves it-- along with a short review.

However, if it's some basic buy weed in large portions and sell gram by gram then don't even bother

because I won't leave a review on that.

Is this limited to a specific drug? & Quantities of how large does it cover?
I would be interested as I always enjoy learning.

Voidlight - May 10, 2014, 8:22 am

This ebook is specifically for weed. And the quantities from starting gram by gram, to dealing in pounds.

keviniscool - May 12, 2014, 12:14 am

Does this book have a chapter on surviving prison? ?

Voidlight - May 12, 2014, 3:58 am

Not only does it have a chapter on prison, but it also has a chapter discussing all the ways to not end up in jail.

Voidlight - July 27, 2015, 8:08 pm

selling this again

.....

Travs - July 27, 2015, 8:19 pm

I hope this isn't a buy in bulk sell by g book because if so it won't even be worth it. I've dealt on and off for the past 2 years and a good friend of mine got beaten in the head with a hammer in his own house over it, so this book needs to cover things like safety, transportation blah blah and such. I'm definitely willing to leave a review for you. GLWS.

DamienVC - July 27, 2015, 8:30 pm

I'm not sure whether this is even allowed ?

Trygon - July 28, 2015, 12:29 am

Elliot Alderson. - July 28, 2015, 4:23 am

Good luck with sales! Looks like an interesting e-book.
I'd love to read.

Voidlight - July 29, 2015, 1:50 pm

Im sure this is allowed, I didnt see anything in the rules saying you aren't allowed to market tutorials on trafficking legal medical supplements

Voidlight - June 18, 2016, 3:37 pm
