Sick earnings for your first day. Did you switch networks or did you start fresh?

Seems that you have some nice traffic there but you need to fix your conv rate.

Traphik - May 10, 2014, 3:05 pm

Is this a whitehat or blackhat niche? And are you using YT for your traffic?

Dude, 1k+ views and that many clicks?

PM me if you want and I can help you increase that. You could be getting way more clicks.

More clicks = more leads

more leads = more \$\$\$

:)

Xinipot - May 10, 2014, 3:46 pm

Are you using backlinks to rank your stuff? Your getting almost 2k views which is insane.

~HF~ - May 10, 2014, 3:48 pm

Nice i remember CPAgrip I joined them was they first started out. I made like \$200 in like 3-4 days :)

Good luck man!

Aatrox - May 10, 2014, 3:50 pm

That's pretty good man :)

You should PM me how you do it!

Your conversion ration is way to high. Average is like 7% and your at 40%+. Would not be surprised if they banned you come payout.

CPAilluminati - May 11, 2014, 8:26 am

Your CTR is really bad LOL. Improve that and you will make much more money.

You must be bad at CPA. My CR is 25-30%. It's called being high quality and unique l0000l

Time to step it up =)

fieldy2012 - May 13, 2014, 7:31 am

bujny - May 16, 2014, 7:49 am

Wow, nice number of visits.

As members above wrote, try to increase your CTR and imagine how much you could make :)

If you are not using LP consider making one.

I saw people direct linking and not getting good clicks.

Kodra - *May 16, 2014, 9:28 am*

Keep going ;)
