Thread: [How is this twitter avi made?](#)

Pick - May 10, 2014, 11:18 pm

I have always wanted a twitter avatar like this, how is it made? Idk what its called.

I want it to say Crispy

Heres the image:

Spoiler ([Click to View](#))

Looks like a simple cinema 4d template, with a couple of stocks and oil paint.

indicud - May 10, 2014, 11:20 pm

Or using the liquify tool in Photoshop, I think I'd be pretty simple to make

I mean the ripple tool and then some smearing.

Hire - May 10, 2014, 11:21 pm

Cinema 4D render, with Some water/bubble stocks, 2 Flares and Oil Paint :)

Pick - May 10, 2014, 11:24 pm

Would any of you guys know how to make one for me? I really want one

indicud - May 10, 2014, 11:25 pm

Yeah I wanna test my method out, what text do you want?

Hire - May 10, 2014, 11:25 pm

Edit: There's also a gradient from dark blue to light blue on the image.
