Hello, I am doing a Graphic request to test my skills on graphics.

Basically you can just post here or send me a PM on what you want me to make.

I would like to start a business so I'll be starting from the bottom.

I'll be doing Thread design, Sigs and Aviators.

I have a tablet to do my original designs too.

All for free of course.

EDIT: Note that I am not a Pro at this so all positive feedback or Structural criticism we be help for me to improve on my skills.

Aviators or avatars?

I'll start of by giving you this: (I don't need it tho)

Make me a signature about codeine/lean/sizzurp/promethazine + money + guns etc you get what I mean.

Avatars sorry. I mixed up my spelling haha

It wont be able to be done today as I have college in the morning. But Ill start as soon as I get home.
