#1 Fastest growing network marketing company
#1 Online business for home
#1 Compensation plan
#1 CEO
Partnered with VISA
Partnered with 5800 stores and GROWING!

U.S Population - 317 MILLION
More than 150 Million are considered POOR
1.2 Million are homeless
and we have 1.2 TRILLION in student debt!!

Don't give me an excuse about not having time!
An average American watches 27 hours of TV a week...

Use that time to GROW and MAKE MONEY!

Didn't even talk about the business model...you literally just listed random facts lol.

Would advise people to stay away

poild - May 11, 2014, 7:15 pm

He literally is acting like the faggot's who go on my college campus's and advertise student internship but are really advertising their shitty scam company which is literally the pyramid scheme, but they make it seem so good with their fancy cars and suits but really they're the only ones that earn money. Am I right, OPer?

You picked the wrong place to try to get referrals for the largest and most saturated referral scheme available.

windir - May 13, 2014, 12:09 am

i dont think people on HFs watch TV. we have internet. internet!
