I've sent you the vouch copy! Thank you for your interest

Wirt - May 11, 2014, 5:49 pm

I have received a vouch copy, the following is my review:

Layout: 9/10

This is one of the most neat layout I have ever seen in an eBook! Very easy to follow!

Ease of Use: 8/10

Not all methods are necessarily "Auto-pilot" because it requires a bit of work, but other than that it is pretty easy!

Originality: 8/10

Some methods on here I have seen, BUT, he explains IN DETAIL, how to work everything and how it's done. There are other methods also on here that I have not seen before, and are very original!

Quality: 9/10

I can clearly tell the OP put time into this book. It wasn't hastily thrown together just to get money from us consumers, he actually put quality into the eBook to satisfy us also.

Overall: 9/10

Great eBook. Every page is extremely detailed and "laid-out" perfectly. This is one of the best money making eBooks I have read in my time. Not to mention the OP is extremely friendly too! I recommend buying this!

Ursidae - May 12, 2014, 7:36 am

Thread has been updated - All vouch/review copies have been given out!

BoX. - May 12, 2014, 8:00 am

I have received a vouch copy of this eBook. I am in no way affiliated with this product or the seller. The following is an honest review.

Before I start rating the eBook, I'd like to say that this eBook has clearly taken a lot of time to put together. The effort that has gone in to it can easily be noticed. It's very HQ. I'd also like to point out that the methods in this eBook can be used on both Android and iOS as I have personally checked to see if it'd work on both.

Now, the review:

Layout: 9/10

The layout on this eBook has been designed for ease of use. Everything is broken down into sections and paragraphs that are easy to understand. There are also multiple pictures that can assist you while using the methods included. Everything is very well structured and there are hyperlinks included in the eBook to help you jump to certain sections if you need to.

Grammar: 9/10

I spotted a couple of grammar mistakes, but nothing serious. Everything is well explained and very easy to use. The eBook guides you through every step and what you need to do. It's written so well that even a child could understand this.

Originality: 8.5/10

I haven't seen these methods around. In fact, the first time I came across them was when I read the eBook. Of course, this may not be true for everyone, but in all honesty it'd be very easy to get your money back on the eBook by following the steps included.

Quality: 10/10

Easy 10/10. What's more to say? A lot of time has been put into creating this eBook, and it has paid off. It's not one of those eBooks that just has paragraph after paragraph of writing that makes you regret buying it. This eBook has been thought out, and has the interests of the customer in mind. Any abbreviations and/or "specialist" words are explained. It's a very honest eBook.

Overall: 9/10

Anyone looking to make money on the side without doing much work will be satisfied with this eBook. It is not necessarily Auto Pilot, but I can certainly think of a few things to further ease the methods.

Extras:

A few reasons why I think this would be a good investment.

- Cheap. You will get your money back easily, no doubt. All you have to do is stick to the method, how hard is that?
- Friendly seller.
- Support. I got very fast replies to any PM's I sent him.
- Money back guarantee. If you don't earn (very unlikely if you follow the method), there is an option of a 40 day money back guarantee.
- Advertised as is. I have read through the sales thread, nothing I came across is a lie.
- Bonus method. There is a bonus method inside that will help you even more. I won't give any more details away

L0cke - May 12, 2014, 3:26 pm

I know OP, and I know he is a friendly, outgoing, and honest person. He got me into HF and he's a legitimate seller who will offer great customer support. I look forward to this Ebook.

Illuminati? - May 12, 2014, 3:35 pm

I've sent you a PM regarding this mate.

Ursidae - May 12, 2014, 8:43 pm

Hi I am The RAKE, John kindly gave me a vouch copy of the E-Book so I could write a review of it and here it is!

Layout: 9/10

The layout of this E-Book is beautifully designed and is sculptured for ease of use which means you can keep dipping in and out of this E-Book.

Grammar: 8/10

I spotted about four grammar mistakes, nothing too serious though. It is written out so that it is easy to read and doesn't strain the eyes with pages of black and white writing even a 5 year old could read this.

Originality: 10/10

I personally have not seen these methods before and I have looked into making money on mobiles, this may be the same for most of you who are wanting to make a few dollars on your phone!

Quality: 10/10

Definitely deserves a 10 for the quality I can see that John has put a lot of work into this E-Book and I think it has paid off.

Overall: 9/10

Overall a 9/10 if anyone is wanting to make a few dollars while he is waiting for the bus or has any free time and doesn't want to just squander it with nothing to take home, I recommend them to buy this E-Book.

-The RAKE!

Vexane - May 13, 2014, 5:26 pm

Does this involve helping other people?

john - May 13, 2014, 6:24 pm

I think it includes app installs and.refferer.links, yeah?

Ursidae - May 13, 2014, 9:45 pm

(May 13, 2014 05:26 PM)Varosion Wrote: [\[CITE\]](#) Does this involve helping other people?
Helping other people? No, it doesn't require that.

(May 13, 2014 06:24 PM)john Wrote: [\[CITE\]](#) I think it includes app installs and.refferer.links, yeah?
That is a small portion of the eBook, yes, but there is much more, the main money maker has nothing to do with that and I can assure you that you've never heard of it before.

TechnoNerd - May 14, 2014, 10:27 am

Hey OP

Nice thread !

GLWS brother !

Teardrops - May 14, 2014, 10:27 am

Does this work for android phones?

Ursidae - May 14, 2014, 11:20 am

(May 14, 2014 10:27 AM)Teardrops Wrote: [\[CITE\]](#) Does this work for android phones?
Yes! This works with android and iOS!

JCollins - May 14, 2014, 2:16 pm

Just bought this, seems like a really good method thanks.

Eusine - May 16, 2014, 9:26 pm

As I have received a vouch copy, here is my review!

Grammar ?????

No grammatical errors.

Originality ????

Some of the methods included I have seen before just by personal searching, but some of them are totally original. They all kind of follow the same concept.

Ease Of Use ????

The methods included in this eBook are very easy to follow, even for beginners. The instructions are simple and straight to the point. As you can tell by the title, you do need a mobile phone/iPod in order to make money off of this.

Organization ?????

The layout is very sleek and has nice contrasting colors. It includes pictures as well, so readers don't get confused. Out of all the eBooks I have read, this has one of the best-looking layouts.

Overall ????

This eBook provides readers with four different methods, and one bonus method. The main methods are all similar to each other, so no one should have a problem with any of these. They are very simple to understand and implement. It doesn't take too much time to do, you can easily do this while riding on the train, etc. It won't make you a ton of money, but it is very possible to make a good amount just to have handy.

Thank you for your review!

If people show enough interest then I'll have a sale on Sunday, perhaps I'll do 20% off?

Teardrops - May 21, 2014, 3:22 am

I will purchase this e-book soon. Looks promising !

Illuminati? - May 25, 2014, 8:46 am

Quality: 10/10

Easy 10/10. What's more to say? It's a nice and sleek E-book. Designed for the Humans Eyes.

Layout: 9/10

The layout on this eBook has been designed for ease of use. There are 6 pages with information and are all paraphrased.

Grammar: 10/10

Haven't spotted anything that wasn't right.

Originality: 8/10

I haven't seen any of a method like this before on HF. However I think that anyone with a decent brain can think of this. 8 from me.

Overall: 9,2/10

If you are in the need of cash, You should go with this method. However you need a mobile though :)

Ventures - May 31, 2014, 5:56 pm

Definitely a powerful method. Full vouch for John Locke, he knows what he's doing and he does it well. Don't hesitate to buy from him.
