Thread: [25k OMC for Best Tutorials](#)

Omniscient - May 12, 2014, 7:40 pm

In order to start giving back some OMC to the community I'm going to hold a contest for best tutorial.

Prizes in total 25,000 OMC

10,000 OMC [First Place 1 winner]

5,000 OMC [Runner-Ups 2 winners]

1,000 OMC [Honorable Mentions 5 winners]

In order to be eligible your content must be 100% original with no copied content. That includes text and images. Existing HF threads will not count.

To enter:

1. Create tutorial on HF as a new thread in the appropriate section.

2. Post your entry information in this thread under this format:

Quote: Thread Link:

Thread Section:

Thread Title:

Comments: 3. You can edit and fine-tune your entry up till this thread is closed on June 1st.

Each member can enter up to 5 times but you'll make life easy for me if you update an existing entry post.

Contest will end June 1 at noon PST where I will find the top 10 entries and put them into a poll. The winners will then be chosen by a week long poll as long as there is no cheating.

Note: Cheating by encouraging groups to vote for a friend may result in being disqualified. Rules are subject to change without notice.

Added May 16: The tutorial must not be posted on any other website, blog, or forum since we can't verify it's actually you that made it. Content should be exclusive to HF only.

ONLY REPLY WITH SUBMISSIONS. NO COMMENTS PLEASE.
