Thread: [Girl at school killed herself. fuck bullies](#)

Islah - May 13, 2014, 7:17 pm

On May 10th, 2014,

a good friend Cora, from school. killed herself tragically, she was being bullied.

I never payed that much attention to bullies, but you know what. fuck them.

I have a lot of friends depressed as fuck over it, and it really pisses me off, who ever bullied her, i hope lives in fucking misery for in for the rest of their lives.

One of my friends, she asked out, but he said no, politely though, and they where friends.

another one, whom I was in Detention Center with for over 3 months, knew her very well, and he's really fucking depressed. he's on probation, his parents are shitty to him, he just failed his drug test, and he was hinting in our convos at suicide,

this made me tear up

I told him my experiences with suicide, I've tried to overdose on my diabetic insulin, while depressed about family deaths, probation stuff, and just life shit

I told him it wasn't worth it and he said this

(excuse his spelling lol)

Fuck whoever bullied her.

I'd kill em.

Hey, I'm really sorry for your loss. From personal experiences, I know how hard it is to deal with something like that. It is like you feel empty inside. Anyway, if you need someone to talk too, just send me a pm.

I honestly have never understood bullying. I guess I have just never been in the situation where I have been bullied. Anyways sorry about your Loss OP.

I'll never understand why people kill themselves. Especially from irrelevant people they'll know for 4 years out of their life.

That sucks man! Just try and help your friends through it.

Eventually you'll start to feel better and accept the person is gone, I wish you the best of luck!

Yea this is really sad Mate!

I get Bullied at School for my Knowledge in Advanced Security (Penetration Testing). I once got told that im Retarded for even doing stuff like this but its always going to happen anywhere and everywhere you go.

Sucks for her, never thought much of bullies as for I never really got bullied at school. Every time I got bullied at school I did something for revenge and never let it slip, I've never felt depressed over it though.

How did they bully her? Was she fat or ugly? a slut? retarded? raped? how?

Also i never understood why kids killed themselves over trivial shit like that, i mean your only in school with these fucktards for ~4 years (guessing she is in HS)

Sorry for your loss, hope her family is alright.

Thornzzz - May 13, 2014, 9:14 pm

When people bully someone it's because of a fault in their life, in the end she just got the short end of the stick. But, getting angry because of it is not the answer.

TwoFeesh - May 13, 2014, 9:16 pm

Damn. Another amanda todd story(bullied until over the edge, suicide). People need to stop bullying. Also, sorry for your loss.
