Thread: [Vitani's Mate's guide on "How NOT to get bummed/raped in prison"](#)

Vitani's Mate - May 14, 2014, 7:03 am

Welcome to my little tut on how NOT to get bummed in Jail/Prison.

Intro:

Everyone dreads of being bummed/raped in the asshole in the showers in prisons and jails and other complexes that contain criminals.

Do note that raping another guy is NOT gay. It is a act of violence. Anyone can potentially stick his meat stick in your asshole and make your asshole look like a purple doughnut that is freshly made.

How to make yourself aware:

- Make friends and get them to watch over your back and get them to protect you but make sure they are trusted because trust is key when you are in a prison and people that you trust will always help you in most cases..
- Make sure the shower is empty, nothing is better than having a shower all to yourself and not with guys who will probably rip you a new asshole.
- DON'T DROP THE SOAP! Like seriously. If a guy sees your tight asshole. That is a invitation.

Prepare:

- Learn martial arts. Nothing wrong in learning to defend yourself. You will need it, IF this situation happens.
- Anal stretching would be a good thing, just in case you loose the fight and you give up. It wont hurt as much.

Being rapped/bummed:

- Don't panic, if you are confronted by a few people. Make sure you choose the person who is actually going to rape you and try to hurt them.
- Kick em where it hurts. That is right. Lay a few big kicks in the groin area.

I can't think of any other tips.

But if i do. I will update this thread.

Great guide, Vitani. You should add to this that you can pick up the soap by breakdancing like a spider which would prevent others from deepfucking you.

Very comprehensive guide, 10/10.

However, you forgot to add don't be a pussy, and also to be ready to fight over extremely trivial things (such as someone trying to get your bag of chips).

Dragnite - June 1, 2014, 5:38 am

Hello my name is Dragnite and today I will be reviewing the eBook "How to NOT got bummed/raped in prison" by Vitani's Mate.

Storyline 5.6/10

The storyline was like any other how to avoid violent anal rapings. I honestly did not like it or hate it I am bit neutral to it but it was a nice storyline.

Characters 7/10

The Characters kind of sucked, I wish the author would've put a bit more time into character

development.

Animation 7.4/10

The Animation is like any typical story of this genre, mediocre and rather poor though.

Music 7.9/10

I simply loved the music in this, I wish the author would've included his own works however with such a rushed production it is acceptable.

Overall and Verdict 6.8/10

The Storyline was very bad I did not like it but the music just blew me away. Characters were ok but something could have been done to improve a bit more. Animation was nice but that of what you would expect and find in something like this. I know I rated rather harshly but this is my honest opinion.
