Moon Rock - May 29, 2014, 9:27 am

Fixed a couple of bugs that I had, and added a better startup code.

Moon Rock - May 31, 2014, 9:07 am

Heard that ALT+F4 would be able to close the locker, made it so that won't work anymore.

Dereck - May 31, 2014, 2:20 pm

Do you still offer vouch copies? I'd like to try this on 200 bits and post result.

Moon Rock - May 31, 2014, 2:42 pm

Not sure, you got a 50% warning level there, add me on skype and when I get a chance we can talk this over :)

Currently not fud, going to stop selling bins until I can get it fud again.

127.O.O.1 - May 31, 2014, 3:45 pm

Vouch for this, very friendly seller, and seems like a great product. Will report back with earnings.

Moon Rock - June 1, 2014, 8:07 pm

Sales are going on, however I will lower the price to \$1 per bin since it's no longer FUD

Current status is 1/30, will provide another scan link soon. Scan Link:
