Are you awake and online yet? We've been waiting..

Richard Dawkins - May 18, 2014, 7:12 am

OP has now slept for 6 hours and 48 minutes.. considering the average HF user sleeps, on average, for 8 hours and 36 minutes per night, statistically, we still have nearly an hour till he awakes.

Minisaints - May 18, 2014, 7:14 am

I hopes you haz nice sleep chicken. :)

Richard Dawkins - May 18, 2014, 7:16 am

That awkward moment when then OP showers and cooks himself a 5 course breakfast before getting on HF...
