I don't know what an AMV is but this is very impressive! I have nothing as a comparison to judge (rate) this on but this is pretty amazing and I don't even like anime tbh.

Nice work. :D

Thanks man, amv is basicly taking up some scenes from an anime.

Choosing a song, syncing it with scenes and adding some effects using sony vegas or adobe after effects, I still have the footage where my amv was only 40% finished.

Now compare them :p

Black Hole - May 18, 2014, 11:33 am

That was mediocre at best....only reason it got 1 million views is because every 10 year old kid gets a raging boner at even the slightest mention of One Piece.

THIS, is an AMV, not your piece of shit (not to say I haven't seen worse).

Ryner - May 18, 2014, 11:43 am

The AMV in itself was fine but it's not great. I don't think it is bad. But if I were to compare it to something else I probably wouldn't favour it overall.

You did a great job in picking which AMV to make tho, One Piece was at it's prime back then and lots of teenagers had raging boners for it.

I never said my amv was good. And I do realise the real reason behind that amount of views. I have seen amvs far better than the one you mentioned as well.

And also, that's not the only amv I bare in stock, but the reason I mention this one is for its amount of views.

Since you keep yourself up to date through "bestamvs" I wonder how good is your knowledge about non mainstream amvs?

Ever encountered this amv?

Vamporno - May 18, 2014, 11:53 am

Well imo it didn't really deserve 1 million views since I have seen better. Also, the AMV Black Hole posted is something that deserves 1 million views.

Edit: That video you posted just eyes hurts my eyes and gave me a headache.

-snip-This. If it wasn't using a mainstream anime it wouldn't of got so many views.

Don't jump to quick on conclusions.

Did I ever claim that I am a regular spectator of animes like: Naruto, Bleach or One Piece?

The reason why I picked up One piece is duo the arc, and duo audience that was surrounding One piece. To get the views of course, which I received :)

No need to get upset because you are a cute little thing ;')

Nothing even remotely inappropriate about Provk's post, son. In fact, his input was more tame than most previous posts addressing the same topic.

I thought it was good, however, I'm not much of a critic so I couldn't offer much help aside from focusing on synchronizing the music and characters more.
