Thread: [\[Free AutoPilot\] Make \\$4 A DAY! \[AutoPilot Free\]](#)

Private Network - May 19, 2014, 3:50 am

Hey guys im gonna show you how to make \$4 a day OR MORE!

Explaining:

- What you need!
- How to use it!
- Maximize profits!

What you need?:

A account on <http://www.otohits.net>

A account on <http://www.fast2earn.com/>

A brain (A large one is better!)

How to use it?:

First off all go to otohits and log in!

Then go to autosurf (Just like any other traffic exchange but OTOHITS is special, why you ask? You can get anonymous reffers instead of www.traffic.com or something!)

Get some points and then add your refferall link in the otohits site under catergory: PTP and then go to Details and press Hide refferer (THIS WILL COST 2x MORE POINTS!)

Now just keep the autosurf running and enjoy the profits!

How to maximize profits?:

VPS and then using another Otohits account surfing!

Hitleap premium for Anonymous reffers too

Or use the site as it should be as a share selling company!

My proof i got money in less then 15 hours:

Proof of payouts? not really payouts are \$16 minimum but a l33t member here suggested this to me!
