Thread: [hacker wanted to hack a php game](#)

Rantawi - May 20, 2014, 12:08 am

Hello everyone

I'm seriously interested in buying a bot or exploit(to Generate Money or GOld) for an online text based game called bootleggers.us

The game is sort of bugged, I'm willing to pay big bucks depends on the service provided

Please add me on Skype raja.rantawi

Thank you
