Hello guys,

I got scammed by vinnie to buy into null, I made a dispute but someone deleted it!

So, I am paying \$200 or \$300 depends on how I see the group.

It can be via PayPal or Bitcoins or Litcoins.

Thanks for your BTC, it was the smoothest transaction for days!

You paid \$300+ to join groups, i highly doubt you have \$20 for an upgrade.

Robust - May 24, 2014, 1:42 am

Hello Sir,

The first group for you to join is extremely sacred, and actually permanent. It's called l33t. You can [upgrade here](#) for only \$20!

Well, you just have to make another dispute and show everyone your proof.

Most groups that you can pay into, you have to be accepted first.. and I would suggest getting accepted to leet group first :3 and then try joining other groups that interest you

I wouldn't recommend you buy into a group until you're a little more familiarised with the forum.
