BeckyG ? - May 24, 2014, 12:58 pm

Stock fluctuates rapidly so if we agree on a deal but don't execute it while time pasts, confirm by checking my thread if I still have that amount.

I highly recommend if you add me on Skype that you PM me saying so as my computer doesn't show it but my iPod will!

DevouR's: BitCoin & PayPal Buying & Selling Shop

Since I am just starting out, i'll do deals of and under \$100.00 USD.

PayPal Stock: \$? USD

[img]http://proficientsvcs.com/wp-content/uploads/2013/06/linea-transparente.png[/img]

I reserve the right to NOT deal with anyone I don't want to.

I'll go first to only those I deem trusted until I get vouches. Then, I won't do any deals first.

Reversible currencies (PayPal) will only be accepted from those I deem trusted.

I will only ever contact you through Skype if I say so via PM.

Anyone claiming to be me on Skype without prior PM verification (so I am talking to you via PM and give you my Skype) is an imposter. I have one Skype which is: DevouRMMSupport

Due to the underlying circumstances (Join date, lack of reputation, amount of money, my 'newness' to this type of thing, and your low post count) i'd have to unfortunately deny. If you're able to stack up some successful deals, i'd be happy to deal with you.
