How much have you profited daily on average doing this?

**Majestic12** - May 26, 2014, 5:13 pm

I rarely use this method, But when I have used it, I Banked from \$50 to \$100+ a day. Think the most ive ever earnt in a Single day with this, was around \$250.

Give it a whirl, See how much you make.

What adult affiliate website did you join/use for this method while you did it?

**pilot35** - May 26, 2014, 8:18 pm

Nice! Will be trying this out soon. Thanks for sharing.

**Leroy** - May 26, 2014, 11:24 pm

Were you pushing PPL or PPS adult offers with this method?

**childofmelee** - May 27, 2014, 12:45 pm

MMDCash isn't working anymore because you need to verify on skype. Any other sites?

**mike159** - May 27, 2014, 1:17 pm

Hey there, thanks for this. I just have a quick question.

With the twist, what cpa network did you use?

I checked CPALead and CPAGrip, and neither of them have very good offers to put in CL

**Majestic12** - May 27, 2014, 4:58 pm

Use offervault guys. Its the easiest way. Ive done PPL and PPS. It really depends on how much you trust the network - Some shave like hell. Ive never had issues with MMDCash Or Crak.

**omgitsjoe** - May 27, 2014, 6:24 pm

This is a great idea! im gonna try it out now!

**Majestic12** - May 29, 2014, 7:46 am

Feel free to post some results if you try it out. Enjoy.

**LuxuryModelNetwork** - May 29, 2014, 3:22 pm

this does not work as you cant put your email on craigslist. they block your post the second you try.

**Majestic12** - May 29, 2014, 3:57 pm

EDIT: Should've mentioned this. In the CL Post, Use e.g Sophie.sex.1994[AT]gmail[DOT]com

INSTEAD OF

Sophie.sex.1994@gmail.com

etc

**e1223** - May 29, 2014, 10:26 pm

This sounds like a really good plan. I'm going to have to try it.

**jsnabs2** - May 30, 2014, 12:03 pm

Whenever i post the craigslist ad it gets deleted straight away, is there any way to stop this? Thanks.

**Majestic12** - May 30, 2014, 12:07 pm

Make sure you are posting in the UK. Not Canada or the USA, As they are very strict.

**jsnabs2** - May 30, 2014, 12:19 pm

I'm posting in UK but there getting flagged, thanks for responding.

**Majestic12** - May 30, 2014, 12:27 pm

Try re-wording each ad, Not copying and pasting the same ad 4 times etc. Add pictures as well to your post, to add authenticity.

**Lolerbeans12** - May 30, 2014, 4:44 pm

I can vouch for this. It's pretty legit once you get a nice little routine/system going. I'm currently having issues with Google sandboxing my affiliate sites. sigh

I'll probably start doing this again.

Thanks for the reminder Majestic.

**rawrgasmic** - May 30, 2014, 6:00 pm

**BlueShiftXD** - May 31, 2014, 4:05 am

This is a good thread, keep it up Majestic12!

**deltyf2** - June 1, 2014, 4:40 am

Thanks for the method.

But, all my posts have gotten deleted almost right away. Is there another site/way to get leads with this method without using craigslist?

thanks

**Majestic12** - June 2, 2014, 7:09 pm

Yes, there is Kijiji, Gumtree and a few other large classfields. Id recommend working on your ad copy on Craigslist, and Work it so you don't get flagged. Add your own twist to the method as well will decrease flag rate, whilst possibly boosting earnings if done right.

**xpoisonx** - June 5, 2014, 8:32 am

Thanks for this, I will be trying it out soon.

**c0nvex** - June 12, 2014, 8:52 pm

I like the tutorial, well known but nice for noobies.

By the way, I noticed a mistake on the thread, there are two "Tip #1" in the thread design.

**marcm** - June 13, 2014, 9:15 am

Your method is Awesome! but lack of tutorial need to add more detail for easy understand for newbie like me..

**shorty515** - June 17, 2014, 7:13 pm

I've tried this and made about \$4.50 my first day with about no effort and 20 minutes. I use crakrevenue and since I'm an actual girl, I post a somewhat decent pic and then with each email I get, I tell them I'm pretty busy and I'll cam with them tonight on my website if they sign up. I try to personalize it by adding their name or mention whatever they email me about like if they ask for age or whatever, I'll throw that in my message lol. I got like 16 emails my first time in the US but got flagged within 40 minutes lol. I'm trying different locations tonight to hopefully get more money. Definitely great post by OP and totally vouching for this method.

**Sommen** - June 18, 2014, 12:48 am

i made a list containing all high populated cities of the world so you can easily pick cities for this. (removed china/japan since they pay shit).

i got openoffice and i can really easily filter the data aswell:

edit: just found a nice site which could enchanche this list even better..

**Shaorin** - June 18, 2014, 4:53 am

can anyone list similar sites to craglist?

**HIMYM** - June 18, 2014, 4:28 pm

Thanks for the method, iam gonna try it next days :)
