Thread: [Can you add a .ipa to a repo or douse it have to be .deb ?](#)

blackknight_ - May 27, 2014, 9:06 am

So do i need to convert my .ipa apps to .deb to add to my repo ? or can i some how add .ipa apps to my repo without converting them to a .deb format?

youse1234 - May 28, 2014, 6:08 am

You can only add .deb files to repp's. You can convert them to .ipa but it is flawed and can cause problems. But have a look at this link: <http://xsellize.com/topic/116321-convert-ipa-to-deb>
