Hello,

This does not involve selling on fiverr.

If you buy the 2nd package, I can offer you unlimited support over PM or Skype.

Looking forward to your business.

Thank you.

You didn't try the method and you didn't listen to anything I told you.

I added a community alert on you.

You scammed me by charging back.

I don't want to see you on this thread anymore.

Pathetic.

I was thinking about buying but please explain the point of the 2nd package if you have the "right" to refuse any refund..

If I see you out no work into the method or didn't even try it and 10 minutes after buying you want a refund, I'll deny it, like I did to the guy above.

You guys have to put some effort into making money, it won't happen in 1 click.
