Thread: [\[Photos\] Post your pictures! \[Selfies + Relationships!\]](#)

Mahdy - May 30, 2014, 6:07 pm

Okay, there has been way too many "Rate me" threads (not sure why you would want the opinion of other guys online, if anything they would say you look like a scrub to up their self esteem, but not the point), so let's just make this thread the place you post your pictures of yourself/your relationship.

I'll go first. This is of me after getting out the hospital. I look pale because how much time I was inside and hooked up to an IV, so yeah:

I would actually like to know what you think about my girl and I, haha. Everyone says the way she looks when she kisses me, she's into me. I already know our feelings, but just curious.

You're a 5, She's a 5 and her kiss looks like a peck for the photo... I don't see anything in it other than a posed shot.

Forezza - May 30, 2014, 6:33 pm

Fuck her right in the pussy mate. Good to see you've found someone, she's actually not that bad tbh.

Wasn't a pose shot though, ha. Just a picture I was taking, and then she came, hugged me and kissed me.

Everyone is entitled to their own opinion; yes. However, relationships are not the least bit about looks. If you still think looks are what makes a relationship long lasting, you my friend, have a lot to learn.

But if you're saying he's "big", you're blind. He's skinny as hell.

If you're saying he's smaller than me (weight-wise), he actually weighs more but is quite taller.

You'll find one eventually, I promise you that. My girlfriend (as of Wednesday) bro-zoned me more than a year ago. The problem was, she was the only girl I genuinely wanted to be with. I decided that being as close as a brother was good enough for me, and kept my feelings to myself; however made sure to let some innuendo slip through in jokes. On Wednesday night, I asked her to be my girlfriend and she said yes.

lol thats fucking hilarious, seems like a cool teacher.

And also, if you think you are ugly you have your whole life to make changes. However, being a good person and actually succeeding financially is more important than what people think of you, especially when they don't even know you.

You're not an ugly person.

Don't be fooled by the celebrities you see who look great, a lot of them have underwent surgery, they wear make-up (I'm talking about the men), they get facials etc.

You just need a haircut, and keep your beard under control.

If you want a slim/slimmer face, drink a lot of water and jog/lose weight.
