Thread: [3p1c question](#)

ZuGgY - May 31, 2014, 12:33 pm

So I just sent the OMC to the address of Omniscient via CoinPayments. Now, after it is confirmed and all, what do I have to do? How does Omniscient know who sent it and put into 3p1c?

Thanks.

Shoppa - May 31, 2014, 12:34 pm

The link you clicked on to send the omc is your referral link, so he will see your uid.

adampelletgun - May 31, 2014, 12:34 pm

The 3p1c upgrade is automatic.

Did you use the go3p1c.php page?

ZuGgY - May 31, 2014, 12:35 pm

Yeah I used the go3p1c.php page.

My Transaction page:

If its automatic why have I not received it yet? Because of "waiting for my funds?"

You have to wait for the OMC to be confirmed by peers. It could take a few hours if the network is running slow.

Truth - May 31, 2014, 12:37 pm

Wait after it confirms its only 1/6 atm lol

I prob will buy it when it drops down to 500ish

adampelletgun - May 31, 2014, 12:37 pm

Yes.

It needs 6/6 confirmations before you receive the upgrade.

ZuGgY - May 31, 2014, 12:38 pm

Alright guys.

Thanks, had no clue, since ya know...this is the first (and of course, only) time. :)
Already at 4/6 now

You need to wait till 10 or so confirmations, then it will automatically be applied to your account.

ZuGgY - May 31, 2014, 12:42 pm

Currently have 6/6 accounts.

"Status: Funds received and confirmed, sending to seller shortly..."

@RDCA Ok, thanks.

Eclectic - May 31, 2014, 12:53 pm

You have it now. Congratulations!

I'd say close this thread, more people will just say the same thing.

I'd say close this thread, more people will just say the same thing. Is it automatic process? I heard that Omni manually does this:D

ZuGgY - May 31, 2014, 12:56 pm

Yeah, I got it.

Thanks again guys.
