How many members on HF use mtgox? Omnicoin is a community coin . Thanks to this kid scamming everyone, now omnicoin price will drop incredibly.

This is why idiots should not use an online wallet if they have a lot of currency in it. FFS...

Basically there was an online wallet for OMC that a lot of people used. The owner supposedly got arrested and a HF user found an exploit to get money from other users wallets and stole roughly 100,000. I'm pretty sure it was [this](#) user.

so you don't care if he will dump >100,000 omc on the marketplace and diminishes omc's value?

Handsome Banana - June 1, 2014, 8:29 am

That's why you never sign up for the online wallets, the program works fine for most.

milkywaythegodfather - June 1, 2014, 8:29 am

Is there a thread about what this "kid" did?

I don't think I've read it.

ZuGgY - June 1, 2014, 8:31 am
