Thread: [\[Auto-buy\]\[\\$5\] Regenerating Revenue \[Cheap Money Making Solution\]\[100% Working\]](#)

Oak. - June 4, 2014, 5:10 pm

Non-upgraded version \$5 - <https://selffy.com/p/UqYR/>

Upgraded version \$7 - <https://selffy.com/p/J2XO/>

Tired of buying eBooks that just do not work? Well once you buy this ebook you do not need to worry about that anymore. This method gives you a career that you only need to sit down for a minimum of 30 minutes a day. When you first start this method, there is a 15 minute setup and then you are set!

I may give out a vouch copy if I think you are trusted enough.

Term of Service

Do not leak the product

Do not re-sell

Do not charge back

Reviews and vouches

Spoiler ([Click to View](#)) (Jun 4, 2014 06:18 PM)Sojin Wrote: [\[CITE\]](#) I've received a vouch copy.

First off I want to say that the mediafire version of this E-Book is incredibly difficult to read, whether it's the font or compressed. It has a pre-set template that you can use when you purchase the E-Book and has pictures with descriptions making it easy so that anybody can follow.

What do I think?

Well... you honestly can have 0 skills in the making to make this work, which is a good thing but that's not the hard part. The hardest part (as usual) is finding the right customers. I don't think you can make \$400 a day doing this, even if you put in the time. Yeah you'll make money, but nothing insane or crazy. Personal experience differs, but from my own, it just doesn't happen like that.

(Jun 5, 2014 12:03 PM)Diclonius Wrote: [\[CITE\]](#) got a vouch copy

Quality: 9/10

author goes into detail how to pull of the method easy simple to understand

Originality: 8/10

seen similar methods but not like this one

Ease of use: 8/10

easy to pull off some setup is needed but you can pull it off in 15 minutes before executing the method

Grammar: 10/10

no grammar errors

Overall: 8/10

easy simple noob friendly you do need to have a bit of business etiquette but anyone can pull it off worth the money overall since it isnt easily saturated

(Jun 5, 2014 03:25 PM)iAnimal Wrote: [\[CITE\]](#) I received this method, and I must say I'm very impressed for an eBook.

This method actually makes money. The method is explained extremely well, and with it you'll make a bunch of money in little time.

There was no errors, and it's very easy to read.

You have my support!

Sasaki Haise - June 4, 2014, 5:45 pm

May I receive a vouch copy? In the OP it says you're still giving out VC. Thanks.

Oak. - June 4, 2014, 6:03 pm

Thank you for the review! But if you work hard enough you can. This is not a method where you just let it auto-pilot - I will admit that it requires some work

ImportedGoods - June 4, 2014, 11:14 pm

have any vouch copys left? thanks in advance :)

Mord FustanG - June 5, 2014, 2:33 am

Any UBER vouch Copy left

i might take one copy i will do an HQ review :D

BITW - June 5, 2014, 3:31 am

Got vouch copy. will post a review Very soon once I finished the book. rep+1 added buddy

Thanks man! Means a lot considering I took quite some time writing it. Make sure to tell your friends.

May give away a vouch copy or two. Looking for people to write good reviews.

Tutorial - June 5, 2014, 6:23 pm

I was given a vouch copy of this product.

I am in no way affiliated with this product.

Quality: 10/10

A lot of time was put into making this E-Book, as pictures are included, to make it look very nice.

Originality: 10/10

This method is completely unsaturated, you might of thought of this before, but you have never used this. I have never seen anyone use this method before, and it will work.

Ease of use: 8/10

Everything is provided for you to use, but at times it is difficult to understand. You will get the gist of the E-Book after a couple times reading.

Layout: 8/10

The layout is decent, but at certain parts, this E-Book becomes blocked up, to where your eyes will

strain reading it.

Grammar: 8/10

Great spelling, but somewhat difficult to understand what the author was trying to say at times.

Overall: 9/10

Aside from the only decent layout, the method is guaranteed to make you money, quick. There is so much to say, but if I said anything, the method would be given away. I highly recommend this.

Linkin™ - June 8, 2014, 9:06 am

Quality: 7/10

The quality of this ebook is not bad, but quality isn't a priority right?

Originality: 8/10

I have seen some similar methods although this one is different. Requires a bit of human knowledge.

Ease of use: 8/10

Very easy to use this method although I wouldn't say you would make too much money, but definitely some if you put the effort into it.

Grammar: 10/10

Grammar is perfect, when I read the ebook I saw no mistakes

Overall: 9/10

I'd say this ebook is very easy to make money with, as it even provides you with text to say to guide you.

I can recommend this ebook for beginners, it does work. You will make some money if you try it.

BoX. - June 9, 2014, 12:52 pm

I have received a vouch copy of this eBook. I am in no way affiliated with this product or the seller. The following is an honest review.

Before I start this review, I'd like to mention that there are certain skills you will need to be able to take full advantage of the eBook. The following would be very beneficial:

- Social skills
- Knowledge of social media/marketing
- Web development knowledge (not necessary, but would help)
- Time

This eBook is not for beginners in the above points or for anyone who is not willing to commit time to the method. There is not that much to say about this eBook, due to the fact it is of a very high quality and I can't fault it in many places. Nevertheless, let's get on with the review.

Layout: 9/10

The layout of this eBook is very good. It is of a high standard, with a mixture of detailed text and images to help guide you. The colors used in the eBook are easy on the eyes, unlike some, and its an easy to follow guide.

Grammar: 10/10

I didn't spot any grammatical mistakes. This eBook is one of the best I've seen under this category.

Originality: 9/10

I have not seen this method around as an eBook. I can guess that it will work, but to be honest it seems like you'll need to spend a lot of time working on it. However, you will get a decent income with the method, depending on your approach to it.

Quality: 9/10

The quality of this eBook is definitely professional, no doubt about it. Everything is explained well and there are pictures to guide you.

Overall: 9/10

This is a very high quality eBook, I'd certainly recommend it if you have time to spare and have good social skills. Although many of the other reviews say you don't need much skill, I'd have to argue against that and say that you DO to be able to use the eBook to its full potential. The main skills you'd need would be social skills and an eye for a good design.

Extras:

A few reasons why I think this would be a good investment.

- Unsaturated. I haven't seen this around before.
