Shockley - June 7, 2014, 8:41 pm

About ready to vote. Thanks Omni. ?

Gotta say the first one was very nice.

CounterStrikeGO - June 7, 2014, 8:42 pm

Thank you omniscient :)

All of them are pretty good!

Elite. - June 7, 2014, 8:42 pm

Can't wait to see the outcome of this!

Will go through all tutorials right now and choose a winner.

Aurora - June 7, 2014, 8:45 pm

Woah, so many HQ tutorials. Just voted the best one (in my opinion).

I wonder who's going to win..

Karnan - June 7, 2014, 9:05 pm

i am voted. thanks for the contest omni ;)

Peril - June 7, 2014, 9:08 pm

Looks good going to be reviewing the threads now

Truth - June 7, 2014, 9:08 pm

Voted for the 8th one on the list he deserve it

Goodies - June 7, 2014, 9:09 pm

Shameful self-vote. Its not my best tutorial, but I did work hard and had to do something new. Something that there are no tutorials on. Good luck to all!

Wait, why did my vote not count?

It still says 0 for me but it says I voted.

Marky Marky - June 7, 2014, 9:12 pm

Some very HQ tutorials we have here!

Good luck to all! ?

Cyber Saint - June 7, 2014, 9:18 pm

Many great tutorials, it was hard to make a choice. Good luck to all.

bandors - June 7, 2014, 9:36 pm

I voted for "The Ultimate Guide to Staying Anonymous"

I feel as if It's really detailed and needed in that section.

Nyonic - June 7, 2014, 9:39 pm

<https://hackforums.net/showthread.php?tid=4238146>

I voted for this. I'm going to be learning php soon and it'll help me a lot. I was stuck between his/hers and goodies

Tonight - June 7, 2014, 9:39 pm

Jinu's was unbelievably detailed. Best of luck to all of the contestants.

Aura - June 7, 2014, 9:55 pm

Here's a better organized list I guess if you want Omni :

[The Ultimate Guide to Staying Anonymous](#) by [Selcouth](#)
[A tutorial about everything you need to know of RATs| Basic to Advance| Pics |FAQs](#) by [Jinu](#)
[The PHP Security Series](#) by [Haxalot](#)

Thanks to the [Cite] feature of HFES from Emylbus.

Eeluminati - June 7, 2014, 10:28 pm

Voted for:

Starting with HTML & CSS & How to Start Freelancing

Very well done thread, and would be very useful for everyone.

Mx. - June 7, 2014, 11:59 pm

Yay i atleast made it to the top 10 :D. hope people enjoy the read =). and gl to everyone in the contest =).

VirusTotal - June 8, 2014, 12:17 am

Thanks Omni for adding me in the pool :)

Good luck all participants :)

Robust - June 8, 2014, 12:54 am

Third one, and I see that it's winning in the poll too. Excellent presentation, excellent amount of information. I can see that effort has went into it. They were all a great read (or a great skim over).

(Jun 7, 2014 09:39 PM)Saturday Wrote: [\[CITE\]](#) Jinu's was unbelievably detailed. Best of luck to all of the contestants.

Yeah, it was my top preference until I got to the second one. The only thing taking that down was presentation. I didn't think all those colours were necessary. A simple white would have looked nice, bolded titles etc.

Rulerzz - June 8, 2014, 1:46 am

Voted just now , waiting to see who wins it.

1n9i9c7om - June 8, 2014, 7:24 am

Are we allowed to add something like

This tutorial participates in the [Tutorial Contest](#). Be sure to check out the other participating tutorials and vote for the one you like most!
at the top of our tutorial?

Cyrus - June 8, 2014, 9:05 am

<https://hackforums.net/showthread.php?tid=4230192> got my vote. ?

STR™ - June 8, 2014, 10:39 am

Just voted for number 2 , its really helpful for RAT for newbies and looks so HQ

Just waiting for result

Rathz - June 8, 2014, 11:14 am

Actually can't choose between :

[The Ultimate Guide to Staying Anonymous](#) by [Selcouth](#)

&

[A tutorial about everything you need to know of RATs| Basic to Advance| Pics |FAQs](#) by [Jinu](#)

At last , if you wanne marry a girl

you must select only one girl , so try choosing your best ?

Im gone brah - June 8, 2014, 11:48 am

My vote goes to Haxalot. Good luck.?

Terry A. Davis - June 8, 2014, 6:45 pm

Goodies.

His is really the only one that is actually new. All the rest I've seen done before.

Goodies - June 8, 2014, 9:27 pm

Thanks a lot TMiB!

Just a bump for this.

Kn1gh7 - June 8, 2014, 10:18 pm

I would pick the first one about being anonionmoose however TrueCrypt is discontinued and would imo give users a false sense of security.

Cryptic™ - June 8, 2014, 10:25 pm

My vote goes to haxalot's PHP tutorial.

Frawshy - June 9, 2014, 8:38 am

My vote goes to link #5 about CSS & HTML Freelancing. By far the best IMO.

I don't understand why #2 has so many votes... I sense something fishy.

I have to say, his security tutorial about PHP is quiet good!

webdev77 - June 9, 2014, 2:36 pm

Was a pretty hard choice to make, but I ended up voting for Haxalot. The tutorial is great and it's something that I could potentially put to use.

630 - June 9, 2014, 5:34 pm

I do not like tutorials made in groups names. I voted for

<https://hackforums.net/showthread.php?tid=4230553>, supporting normal members.

I feel like some members could have an advantage because of their group buddies.

This is always the case you'll have friends that vote for you even if the tutorial is utter shit.

SIM-1349466 - June 9, 2014, 9:25 pm

Voted for the first one. Very nicely made.

Arcady - June 9, 2014, 10:59 pm

Oh boy another "Hey vote for me and I'll give you X amount of the winnings...". Ugh to bad the best tutorials never win.

Splendid - June 11, 2014, 1:19 am

Definitely some great tutorials put up here, I wish everyone good luck

~[DogiD]~ - June 14, 2014, 1:23 am

I like so much [The Ultimate Guide to Staying Anonymous](#) thread design :3

Good luck everyone ;)

still get 40 minutes! The winners looks like it will be <https://hackforums.net/showthread.php?tid=4237106>

Slot??h - June 15, 2014, 9:19 am

#1 winner should imo. be <https://hackforums.net/showthread.php?tid=4238146>, really nice tutorial about everything but as most people on here prefer useless RAT shit, so I guess, the winner will be <https://hackforums.net/showthread.php?tid=4237106>

Nonetheless all of these tutorials are amazing!

1n9i9c7om - June 15, 2014, 11:11 am

I have to agree with Mentalist, Haxalot's PHP Security Series was the best tutorial in this poll. But I guess it got less votes because more people know how to RAT than how to code in PHP :(All tutorials were good (that's why they got selected for this poll).

Congrats to Jinu for winning though. :)

Tremo - June 16, 2014, 6:01 am

No idea why Haxalot's guide got less votes. It was a far more detailed post.

Omniscient - June 16, 2014, 4:36 pm

Mx. uid=811745

All winners can expect PMs requesting their OMC address for payment.

Thanks again to those involved.

Justin Timberlake - June 16, 2014, 4:57 pm

Congratulations to the winners! And thank you for creating such great tutorials!

Zuse - June 16, 2014, 5:37 pm

Congratulations to all the winners.

Omniscient - June 16, 2014, 8:41 pm

I realized a mistake was made and that I needed to name 2 runner ups. So Selcouth gets 5k OMC as well and Mx. now gets 1k OMC prize too.

FilmGuy - June 16, 2014, 9:05 pm

Grats guys!

Spend your OMC wisely.

Vitani's Mate - June 17, 2014, 12:08 am

Congrats to the winners. xD

10k Omnicoin is a lot of coins to be holding. XD

Skitz - June 17, 2014, 2:48 am

Congratulations Winners, you deserve it! The tutorials are amazing.

Omniscient - June 17, 2014, 3:30 am

Now I have to think of more contests to give away OMC.
