Thread: [Watching the anime "Magi" \[AMAZING\]!!!](#)

Zyptic - June 13, 2014, 11:28 pm

Right now I just finished episode 4. Poor granny :(
So far I like this anime as much as I did Soul Eater ;)
I already can tell this anime is going to be addicting and probably going to get very popular like Naruto and Bleach did.

Edit- This anime is definitely in my top 5, maybe top 3-

Second season goes further into the power and they can do something more like the Final Getsuga Tensho

Is this an ongoing anime or something? or is it already finished airing?

Zyptic - June 14, 2014, 12:47 pm

I feel it will end in the 3rd season for a total of around 75 episodes.

Zyptic - June 14, 2014, 9:00 pm

The manga is still ongoing I believe.
