Shit, I accidentally pressed Junk thread when trying to reply.

(If an Staff could fix it, that'd be great

Old thread: <https://hackforums.net/showthread.php?tid=425737> )

Until then post your sharecash links here or pm them to me and I will download them and reupload them (Mediafire, multiupload, #, etc.).

-Enjoy

(If the user says no mirrors such as M0D3RN H4X3R 2™s Downloads I will not reupload)
