Thread: [Marketplace question about sales.](#)

Miki - June 18, 2014, 6:14 am

... just a small question here and need staff to elaborate a bit more. Is it allowed to post a thread as ub3r in the premium section, but its like one big sales thread linking via 3 signatures to 3 of my crypter sales threads.

Say like this:

[some explaining txt goes here]

[description of crypter 1 here]

[sig image linked to sales thread here]

[txt on crypter 2 here]

[sig image linked to sales thread here]

[description on crypter v3 here]

[sig linked to sales thread here]

Liked that if you get me, is this allowed at all?

Miki - June 18, 2014, 8:15 am

(Jun 18, 2014 07:19 AM)- Sam - Wrote: [\[CITE\]](#) Sorry this wouldn't be allowed. That would be considered as cross-posting.

The only way you can do it is by posting within a Sponsored subforum. However, you will need permission from the owner to do that. ?

But its not cross posting, Omni said crypter sales can either be in premium sellers or cryptography market. It's just 1 Thread advertising 3 upgraded products for various category groups if you get me. 1 private , 1 public, 1 semi public-private for limited users with more features.

Quote:Cross-Posting

Cross-posting is the creation of the same thread in more than one place. Only one thread regarding the same topic may be posted. If you incorrectly post a thread in the wrong forum, please report the post and Staff should move it for you without penalty. Additionally, should the incident concern the Marketplace, use the Market Cross-Posting report option.

But isn't the thread considered to be on the same topic? It's like someone selling Runescape 07 gold AND Runescape RS3 gold in the same thread, two different things that fall in the same

category.

Edit: Never mind he's linking to threads I see now.. Sam is right. This is not allowed.
