Eros' Counselling Service

Eros is a group that is dedicated to helping others in any way we can. We are mostly focused on giving others advice in various issues such as relationships, academic guidance, friendships, and more.

We also value sharing our knowledge in various subjects, however this help desk is focused on giving advice for those who are having personal issues in different areas in life, and think it would be in their best interest to talk to someone one on one about the situation.

Current Eros Members:

NOTE: You will not be judged for anything you say here, we keep an open mind and love to help in anyway possible. If you do not feel comfortable with posting here for one on one advice, PM one of the members listed or myself.

Hopefully we can assist some of you in every way we possibly can. Please don't hesitate to post here if something is bothering you!

Regards.

Hey guys. If you need to talk about anything, please mention any of us. My personal forte is helping those who are depressed/suffering from depression and/or suicidal thoughts.
