Thread: [Award images for award plugin](#)

Limited Edition - June 19, 2014, 8:50 pm

Anybody know where I can find an award database or something? I've been searching for a while now trying to find some awards and haven't come across much.

Can somebody could point me in the right direction please?

I'm not sure what you mean but I'm guessing you mean MyAwards for MyBB made by Omniscient. A common error people forget is adding the 'awards' folder to the 'uploads' folder on MyBB, simple mistake but it causes images not to display. Although you said Database I'm sure you just have a simple error with that.

No, I have the awards plugin, I'm looking for the actual awards, images/icons that I can use.

Above user exactly meant that ! When you buy/purchase myawards from mybbcentral you'll also get a collection of awards images from it, make use of it.

Why not make them yourself or have someone make them for you? That way they'll be unique and only you'll use them.

I do not have this plugin. I am not looking for awards inside the plugin. I am looking online for images/awards/icons I can upload and use.
