Thread: [Send an email, and have a chance to win \\$5 PayPal!](#)

JavaProphet - June 20, 2014, 12:28 am

I'm looking to test my new email service, and am awarding 5\$ PP, or a free email address at one of the following domains: @hackmailer.com, @ub3rmailer.com, @l33tmailer.com, or @3p1cmailer.com, to a random member who posts, and can provide his email address over PM(when contest ends, please don't PM me).

Send an email from one of all email providers your current registered at, and report any errors. Gmail, Yahoo, AOL, etc.

The email to send to: [email=admin@hackmailer.com]admin@hackmailer.com[/email]

Start: 12:30 AM PST 6/20/14
End: 12 PM 6/21/14

I sent a few emails from my existing emails, created a few new accounts at email providers I had never heard of, and sent one from my site's Webmail to help you out. :)
I sent about 6 (maybe 7) emails total and received no errors.
