Thread: [\[35-49\] Against modder 50 high {Video}](#)

McCaskey - June 20, 2014, 11:09 am

Me and [Slifer](#) were playing against this modder, he was searching 50 high with 2 accounts. Needless to say we came back and won, he was mad pissed.

Great games man. This kid tried to play it off like he wasn't mad haha. Kid sucked. Died 16 times with an aimbot.

If i got out sniped with an aimbot i would just quit.

Btw, this video is my view, sadly you guys can't hear Slifer's sexy voice.

Video kind of lags up at 1:07 or so. Might have had disk lag or something going on. Either way. Video is still amazing. I'm about to hook up my voice soon through my Astros.

McCaskey we all know you play with and aimbot no need to show off.

Monk is TBSA - June 20, 2014, 2:50 pm

Lol that's actually quite the comeback. It's always nice when you beat an aimbotter, especially when they give you unlimited ammo and you take advantage of it (y)

It was pretty funny because McCaskey and I were sniping at the end of their spawns with unlimited ammo and we had a teammate take the rockets so it was quite the setup.

I lost hope of winning for sure when I looked at the score, but the kills kept piling up and somehow we did it! :p

Juicy Jake - June 21, 2014, 4:27 am

Beats me, it was pretty sad.

He got shut down, you could tell he was looking at his computer at the end... walking into walls n shit.

Next game we played them again and he just flew right away instead of just playing with the aimbot.

itsbank - June 21, 2014, 6:43 pm

Wow that's sad that he couldn't get 1 kill yet he cheats lol. Nice win bro :P

You know he really cared, cause next game he was flying instead of just playing with aimbot haha.
Still don't understand how you not win with just an aimbot, regardless of flying.

I laughed at this, definitely a dope comeback. Seeing all the old halo users, ugh brings me back so
much. Slifer was pretty good too also.

Redwall - November 11, 2016, 10:40 pm

Sad part is that "Root Behr" guy still cheats on Halo.

I got hit offline by him on MCC running hardcore like a month ago.

that's why i stopped playing MCC and moved onto Halo 5.
Bunch of cheaters.

Also tried playing Xbox 360 Halo 3 and the frame rates was cancer.

DDoS Yah Dig? - November 12, 2016, 11:18 pm

Few years ago, me and Mr. Red Eyed Slifer beat a modder lol.
