Thread: [\[Request\] Signature - Sleek Design - | Reward |](#)

The 1975 - June 21, 2014, 12:48 pm

Hello fellow graphic designers!

I am in need of a simple, yet sleek and professional looking signature.

I'm not requesting much, just my name in the middle, and imagine that refers to a Middle Man such as my avatar and a nice clean background with a lighting effect going across the signature.

A reward is going to be given out to the best signature.

Although the reward will be worth no money, it'll sure bring you inner joy!

Thank you guys, I really appreciate it. ?

Thank you, please PM me the image when you're done!

This goes to everyone so they can't get ideas from others.
