Thread: [Free \\$38 T-Shirt \(Amazing quality + free shipping\) RE-OPENED](#)

carlos_matos - June 21, 2014, 6:32 pm

Hi. I just stumbled upon this amazing deal for a free t-shirt from a company called Ministry of Supply.

Steps to get the shirt:

1) [Click here](#). Yes, that is a "referral" link but the only thing it does is give you a coupon code. You don't have to sign up, nothing. You will not get the coupon code without clicking on that.

Double triple quadruple edit: I believe the promotion just ended.

QUINTUPLE MAJOR EDIT: It works again. Use any of the inks below. June 26th 2014.

<http://refer.ministryofsupply.com/v2/share/6027562369819535608>

<http://refer.ministryofsupply.com/v2/share/6027560831158978390/6f6d61726f406d652e636f6d>

That link should take you to Ministry of Supply.

2) By clicking on that link you will see a pop up box with a coupon code.

3) Copy that coupon code and save it for checkout.

4) Go to "shirts" and look for the \$38 Atmos T-shirt.

5) Checkout and use the coupon code for a free \$38 T-Shirt.

If you are not in the US you may have to pay shipping.

I might buy a few shirts from here, they look pretty good.

Final edit: Listen to this

The cheapest combination that I'd see fit for this code to work would be like \$28(Shirt)+\$18(Shirt) which would equal a total of \$46. That means after the \$38 off discount, you'd still be paying a total of \$8 (Which isn't half bad if you like the brand). Or you could buy

I was lucky enough to be able to purchase an Atmos shirt for free yesterday when the code actually worked.

While browsing around, I stumbled upon this thread again, and decided to take a second look for anyone who was having trouble.

My discovering for why the code says "The checkout does not meet the requirements set by the shop for this discount" when trying to check out is simply because the code doesn't seem to reduce the price of anything that is less than or equal to the \$38 anymore. Which means if you want to use the code at all, you'll actually have to spend a bit extra buying something else.

The cheapest combination that I'd see fit for this code to work would be like \$28(Shirt)+\$18(Shirt) which would equal a total of \$46. That means after the \$38 off discount, you'd still be paying a total of \$8 (Which isn't half bad if you like the brand).

Edit:

Got my Atmos shirt! Thanks OP, happy I was able to get it originally.
Will post pictures soon.

Awesome! It appears to have worked for me, I ordered one shirt which is being shipped to my real address, and then one that is being shipped to my neighbors address as a drop off with the package under my name. If it works then this is great! Ill update this when I receive the shirts.

EDIT: My requests were canceled. Idk if it's just me but It didn't work. Oh well.

Still going through for me, ordered it Wednesday and it's scheduled to come today (Thursday) on the tracking USPS site.

Fimi - July 10, 2014, 9:07 am

Hey MyName ,

Sorry about that!

Our promotion was only designed to give one shirt per customer.

It looks like already ordered one shirt back on June 26th so the 25 promotional shirts you ordered last night were cancelled.

If this was a mistake, just let us know and we can discuss how to fix it :)

Thanks for your interest in MoS!

Stay cool,
Alexandra

I email them why they canceled my two shirts
They don't want you ordering anymore then one

How can you add the code? It keeps telling me " Unable to find a valid discount matching the code entered "

I ordered using this and they cancelled my order today. Very sad, but thanks for sharing OP! :D

I ordered two, one for my house and one to my girlfriend's neighbor who is using my shipping address for a bong LOL

My girl on the other hand ordered like fucking 4 or something so be pissed at her not me, but it not like she won't wear these so fuck ya'll ?

Rsynced - July 10, 2014, 3:18 pm

They are just canceling orders. This doesn't work.

Proxima - July 10, 2014, 3:32 pm

I got my shirt + socks in the mail sometime last week. They really are great quality, thanks again OP. Glad I got it in time, I suppose.

Because this is more of a referral offer, they are probably tracking ref links. And having hundreds of blackhatters using the same ref code is also problematic.

Mik3y - July 10, 2014, 3:34 pm

Luckily I got my shirt today, I just tried it again and it doesn't work): sorry for those who didn't get

one.

Juicy - July 10, 2014, 3:38 pm

Thanks a ton bro! Going to get the shirt soon.

Jesiz - July 10, 2014, 3:48 pm

I don't think this works anymore. I get the message "Unable to find a valid discount matching the code entered"

carlos_matos - July 10, 2014, 4:21 pm

If it doesn't work, blame the users who posted saying they tried ordering 5+ shirts.

Fimi - July 10, 2014, 6:32 pm

Lol I'm greedy because I order two shirt haha
Colors <3 Negs Me I bet some kid ordered like 20

Bummer, only ordered one as well :(I agree, almost definitely something to do with users abusing it. This is why we can't have nice things! ?

No, people raped it. This is what happens when you post something publicly and idiotic LQ users ruin it for everyone else.

I totally agree with you I just ordered two so everyone else can have a chance at getting some free shirts but I wasn't expecting people to order a shit ton =_ =

madara3 - July 12, 2014, 8:26 pm

Such a same... I was really hoping to get one of these. Thanks to those who ruined it for us.

JohnLennon - July 13, 2014, 4:38 pm

Well looks like in a little too late. Anyway, thanks OP for sticking with it and fixing it 4 times. Can't help that these as swipes ruined it. Anyway, if you found it again somehow, post it in the advanced methods section or in the Ub3r giveaway section, and do PM, so that it doesn't happen again.

Syberpro - July 13, 2014, 6:30 pm

That's why you should upgrade and post it in the l33t/ub3r section.

iDuL - July 13, 2014, 8:04 pm

Even though it said my order was cancelled, it still came through :)

madara3 - July 13, 2014, 11:00 pm

Not all of us normal users aren't bad. Just wanted to throw that out there as it seems all of us get a bad view which is understandable, but there are some of us good ones still.

I kind of AM upgraded. I don't care if you're an ub3r or l33t member, it's going to go here.

Ub3rs are most of the time worse than regular members.

No profit at all. Apparently you get a \$20 off code on any of their products worth \$50 for every person you've recruited via email. I recruited 5 via email. I received 5 \$20 off codes and they don't stack, oh well. I was really hoping to get some of their khakis for free, haha.

By the way, want to see how many people have used this code?

A lot. Now if only those rewards stacked ?
