Comments: hi

I found some problems with your application.

1. You'll need to find your real parents. Contact the orphanage you were at and ask for their name and SSNs.
2. Because no DOXs have been released of you, we will need the name and phone number to your orphanage so we can contact them and learn more about you.
3. The average age of people on the group is 13, so idk if you will be mature enough.
