Thread: [\[Important\]](#) [\[Help\]](#) Making money

I didn't want to post this thread in the monetizing techniques category because that forum is mostly used for online money making. I'm 15 and I need to make some money and fast. I know that there's no "easy" money and I have to earn what I make but what's the fastest way to make some money with minimal effort? Heck I don't care if it's a lot of effort I just need to make some money. It's my girlfriends birthday coming soon and I already picked out what I'd like to get her for her birthday, also her birthday is around the same time as our 1 year anniversary so I'm kind of in a tough situation.

How much money do you need? It's a lot easier if we know.

How about using the method you conveniently put as your signature that reveals how to make \$150 daily!

Looks like he's renting/giving his sig space out to another user, since he's not the creator of the thread his banner links to. Users do tend to sell/giveaway their sig space here if they don't have anything else to do with it.

That's correct, it was for a contest. Anywho, I would like to buy her a camera, it doesn't have to be a really expensive one but she's getting in to photography and I know she really wants one, as for the date I'm not sure what I'd like to do.

Bump, can somebody please give me any suggestions? It's pretty important.
