Originality: 10/10

I have NEVER seen this method anywhere else and it is 100% Original I don't even know if their is any eBook remotely similar to this.

Ease of Use: 8/10

For the most part, the author explained in depth on how to use this so most people should not have a problem with it.

Grammar: 10/10

I did not notice any grammatical mistakes in the PDF.

Overall: 9/10

When you purchase this eBook you will not regret it, I was given this eBook to review it and honestly I would not regret it if I purchased it, GLWS.
