Thread: [Remote Administration Tool, Setup Service | Free](#)

**Bosto** - June 27, 2014, 12:58 pm

Hello! I'm guessing if you are reading this thread, you need help with anything dealing with RATs. I can solve almost any issue, setup any rat, and I will do it at a free charge. Below is the information you will need to contact me for help.

Contact form ;

Quote:My issue : ( Port Forwarding, crypting, etc )

My Tools : ( VPNs, Crypters, Survey Lockers, etc )

Remote Administration Tool : ( DarkComet, IM3, etc )

Info ;Teamviewer required

25 posts required

This isn't a 24/7/365 service, keep in mind.

This is my first service on Hack Forums. I hope I will be able to help all kinds of people with this service!

**lo\_ol** - June 28, 2014, 1:10 pm

add me at skype wana share something about vpn  
skype: just4hackforums

lol.....dont try to Contact with this man

he is Fucking try to Rat the people..

**raizokuda** - June 28, 2014, 2:26 pm

maybe i'm gonna contact you later for this, need help ^^

**Bosto** - June 28, 2014, 2:34 pm

Do not listen to lo\_ol. He has absolutely no proof of me attempting to rat anyone.  
I'm still here for the service.

**M?trix** - June 28, 2014, 7:02 pm

Vouch for this member he helped me out alot, do not be scared by him because he is not an upgraded member he knows what he is doing.

My issue : Binding rat to pic  
My Tools : DataScrambler  
Remote Administration Tool : IM3

**lo\_ol** - June 29, 2014, 5:23 am

ok i have no Prof....  
then what was that when you did try to transfer file via TV  
and as i quick Cancel Transfer and close Tv and you did Excuse that you have TV that it is auto  
File Transfer  
Lol let me give the prof to

My issue : File is being detected  
My Tools : Darkcomet Rat 5.3.1F  
Remote Administration Tool : DarkComet Rat

So basically I don't have any crypter :/ can I be helped possible?  
[note: already good at all stuff, just crypter missing to crypt my server]

[note: already good at all stuff, just crypter missing to crypt my server]This isn't a crypting service my friend. I would recommend [Data Encrypter](#) & [DataProtector](#).

**Kanaa** - June 29, 2014, 3:23 pm

that good for the people need assistance to install her rat ;)

**Bosto** - July 1, 2014, 2:29 pm

I am still offering this service so I will the thread.

**REEEEERRRE** - July 1, 2014, 3:08 pm

I will actually vouch for this user. Helped me through PM. Explained everything and was very quick to respond.
