Thread: [FREE RAT SETUP SERVICE AND HELP | IM3 | DC | NetWire | Spreading Bots | Crypter Help](#)

blackstriker_001 - June 29, 2014, 6:18 am

Hello Hackforums,

I am here to provide you free professional RAT Service and Help and much more. Well hackforums has helped me a lot since i joined setting up things and introducing me to this great world of hacks and tools and what not ! This has been an amazing experience and in the time being i have earned good money and learnt great things. I have setup RATs for my own purposes and can help you know with mostly any RAT you need.

I can help you up with :-
Imminent Monitor

Dark Comet

NetWire

Blackshades

Nanocore

Plasma RAT

xRAT

CyberGate

And Many More

Well i have also experience in BOT Spreading and can help you with that. Also i can help you with crypting.

ADD ME ON Skype : (blackstriker_001) / PM Me

NOTE : I am doing this to setup a good image at hackforums and not with purpose of hacking your tools or some shit. So feel free to contact me :)
