Thread: [TwitchTV Shop | Followers, Live viewers, or channel hits!](#)

Bosto - June 30, 2014, 8:22 am

Welcome to my newly opened Twitch TV Shop where I will be able to give you followers, live viewers, or channel hits that are cheap all in one place.

Before we get into the pricing of the followers, live viewers, or channel hits allow me to say their is a 0% ban rate of any package I sell.

You are sure to become partnered if you purchase many live viewers for over a months time which will be basically an investment for you.

I plan to open a great service that I can provide, thanks for taking interest in my thread. Prices & more information is listed below.

If you have any questions about custom orders or monthly packages, private message me.

Are you willing to give a vouch copy to start your business off? I will vouch if you provide the service.

Might want to lower down your prices.

People are giving 100k channel views for free.

The channel views are abit expensive. ;)

I gave away 500k to everyone that wanted it a while back.

What do you mean with this?

That the views are permanent? (They do not dissapair?)

Since mine was that too, I belive.

But good luck with sales mate! :D
