Vouches:

Spoiler [\(Click to View\)](#) (Oct 4, 2014 03:12 PM)SocialSurge Wrote: [\[CITE\]](#) Well who would actually fall for this so called "Sticky sale"? I would! I was tempted into buying into it, so I said fuck it, I'm going to gamble my \$37 and buy Premium. "Fuck it" never fails! I'm quite glad I said "fuck it". These methods are original. Original, original, original. That's what they are. Finally something new and original that can actually make me something. I haven't tried it yet but these methods look really promising. Author deserves a vouch for not upsetting me, and giving a little surprise :). I'd get this while this is still a sticky and on sale, probably one of the nicest eBooks I've read in awhile.

(Jun 30, 2014 01:40 PM)Astral™ Wrote: [\[CITE\]](#) Vouch, this ebook truly does work. You won't be disappointed.

I have got to admit this eBook isn't really like the bullshit you see on other threads ahem, Ty that claim stupid things. I bought this eBook around a week ago, but chose not to vouch until I earned, just to show people this shit is worth it. It's more steadier and grows the more times you use it, and as time goes on. The best thing is it takes me around 20 minutes a day to keep it going. It's a completely new idea, but I love it. I'm glad I chose "yes" when I hesitated to buy this eBook, it turned out to be a decent choice.

(Nov 2, 2014 11:11 AM)anuz Wrote: [\[CITE\]](#) I was tempted into buying this because of the sexy website. Not only was the website sexy, but the eBook itself also! Perfect everything, perfect grammar, explanations, methods, support, it's really one of the best eBooks you can buy for the price. Bang for your buck(s) guys, buy this now!

(Oct 18, 2014 08:57 AM)wissman Wrote: [\[CITE\]](#) ok I bought this because I make money already, and wanted something to invest in. i make 2 btc a day with my personal method, and wanted to expand my earnings. this ebook was absolutely amazing and finally gave me what i was looking for. although it takes some work it helps me to earn .5 btc extra a week! this is perfect if you have money

to invest like me, but it would work even if you had nothing. i'm sending this to all my friends, i'm so happy i bought this!

cheers.

(Oct 7, 2014 02:17 PM)OG Kush´ Wrote: [\[CITE\]](#) Recently bought this e-book and this is what i personally think about it;

For starters i'd like to point out that's it written in an excellent grammar which makes it a nice read and easy understandable.

Personally I would rather use his other e-book located [here](#), simply because the earnings depend on your investment which gives you the opportunity to decide how much you want to be making.

What is also very good about this ebook is the fact that's it's not some 'get rich quick' scheme and with some effort a really nice amount can be made from this.

The ebook isn't a public method either so you're not wasting your money.

I can personally recommend this ebook to anybody who's looking to make some extra btc on the side.

Well done and GLWS.

Regards.

(Sep 28, 2014 12:16 PM)ItsBlackjack Wrote: [\[CITE\]](#) Decided to go ahead on buy this eBook about a week ago. Honestly, this is better than the previous 6 eBooks I bought. I was expecting another LQ method, but this is not bad at all. I see great potential with this method, as I have already made my money back from all 7 eBooks I bought within only one week of purchasing this one. :)

You can have a huge vouch from me, I would recommend this to others as well!

(Sep 25, 2014 01:24 PM)Endou Wrote: [\[CITE\]](#) Method works perfectly, works damn great, this was my first eBook though!

(Aug 9, 2014 10:31 PM)Iceberg. Wrote: [\[CITE\]](#) I would like to begin by saying I was given a review copy of this ebook and this is an unbiased review reflecting my own opinion. Quality of information The ebook does a fairly good job at only presenting relevant information to the reader, and cutting out most of the fluff. This by no means makes the information in the ebook lack, rather it just allows the writer to get their point across through the use of less words. I found that there were a lack of picture for the main method, although the "BONUS methods" did include a few pictures. Although pictures would've made the ebook look better and possibly make a few steps a bit more clear, their absence really doesn't take very much away from the ebook as a whole nor the method.

8.5/10

Grammar and Layout

No distracting problems, there are a few mistakes here and there but nothing that causes any problems or makes anything difficult to understand. As previously stated pictures would've been nice, but the font choice and paragraph spacing used is very pleasant to look at.

8/10

Ease of Use

The method is incredibly straightforward, and although I would find it very boring and monotonous to go through with, it should only take 15 minutes a day once setting it up to keep consistent

earnings. I would like to point out, that the initial setting up of the method is incredibly important as it will determine how much money you make, and the author doesn't go into a whole lot of detail or use of examples on how to make the most of this setup period, so that your end payout is the highest it can be.

7.5/10

Originality

Methods similar to this have been around for a very very long time, however it is specific enough that I would guess that a very few number of people are aware of the "topic" for lack of better word, and even fewer are able to apply the "topic" and turn it into profit.

8/10

Do all of the author's claims hold true?

So whenever I review an ebook I like to compare what I just read to what the author is claiming and see if they pulled through with their end of the bargain. Be warned the author could change his thread at anytime making whatever I am about to say invalid.

For the most part all the authors claims are true, there is no mining, no trading, and no gambling. However, I do see potential risk involved if you do decide to invest, although that risk seems somewhat low depending on how you invest. I also see potential time risk if you do not "setup the method right", which seems somewhat plausible to me, but the author may disagree and he may be correct. (Since I have not done all of the possible "setup" options I do not know for certain if there is a time risk involved) The method shouldn't ever become saturated completely, but your potential earnings definitely decrease the more people that are doing this method.

7/10

Overall

This ebook is good, I can almost bet that it is better then 90% of the "methods" being sold in this section and it would seem to me that you can make money by using this ebook with around 15 minutes of work a day for an extended period of time. This is not a get rich quick ebook, it will take a long amount of time to see large earnings, however so long as you setup the method right you will make money similar to what is being posted in the proof pictures.

8/10

If you have any further questions about my opinion of the ebook I would be happy to answer them, just pm me. If you have any support related questions or specific questions about the method please PM the auhtor or current ebook owner.

Thank you ?

Thanks for the vouch Chase, I will add that into the thread right now. Chase, do you think I should do some kind of signature giveaway for my eBook to promote it? Or should I wait?

Applebottomjeans - July 25, 2014, 6:07 am

No more promotions will be held. I was away for a long time, but I am back now if you need me.

Applebottomjeans - July 27, 2014, 1:24 pm

Was gone for 3 more days. My old PayPal was limited and unfortunately I was away and forgot to switch it :(, fucking PayPal. I prefer BTC payments as always.

Applebottomjeans - August 1, 2014, 4:53 pm

I have been chargedback on. If you chargedback please buy it again, I have updated my PayPal address to one that is not limited.

Dt31 - August 2, 2014, 6:55 am

Does this involve any botnet/bitcoin miner/mining pool/black hat method, Or could I just use my PC?

Applebottomjeans - August 2, 2014, 8:27 am

(Aug 2, 2014 06:55 AM)Dt31 Wrote: [\[CITE\]](#) Does this involve any botnet/bitcoin miner/mining pool/black hat method, Or could I just use my PC?

Absolutely none of that, not even grey hat. PC is fine, I guess you could even use a phone is it literally that easy, but any type of PC is fine, doesn't need to be good.

I would never sell a mining method lmfao.

Droganan - August 2, 2014, 11:41 am

Does this involve VPSes and getting unique views or whatever on some site? Is this the paysafecard method? Those are my last two questions. Thanks!

Applebottomjeans - August 2, 2014, 1:35 pm

(Aug 2, 2014 11:41 AM)Droganan Wrote: [\[CITE\]](#) Does this involve VPSes and getting unique views or whatever on some site? Is this the paysafecard method? Those are my last two questions. Thanks!

No, no, and absolutely not. It has nothing to do with any of that.

Applebottomjeans - August 7, 2014, 9:01 pm

Updated the thread a little. Going to fully re-do the whole thread design to make it more professional and show the real quality of the eBook. Was thinking of doing a coinbase checkout, if anyone can help with that I may reward you, as it is very complicated. Tell me what you think!

Applebottomjeans - August 8, 2014, 9:06 pm

HUGE UPDATE HAS COME! New bonus method has been added for Premium users. Since people were not believing that this method would earn them anything, I made a refund system, you can

check it out in the thread.

Thread design has changed and new prices have been updated.

I am still open for any suggestions/questions/anything you want to say.

Thanks!
Obliterate.

holy_kamote - August 8, 2014, 11:23 pm

Iceberg. - August 9, 2014, 10:31 pm

I would like to begin by saying I was given a review copy of this ebook and this is an unbiased review reflecting my own opinion. Quality of information

The ebook does a fairly good job at only presenting relevant information to the reader, and cutting out most of the fluff. This by no means makes the information in the ebook lack, rather it just allows the writer to get their point across through the use of less words. I found that there were a lack of picture for the main method, although the "BONUS methods" did include a few pictures. Although pictures would've made the ebook look better and possibly make a few steps a bit more clear, their absence really doesn't take very much away from the ebook as a whole nor the method.

8.5/10

Grammar and Layout

No distracting problems, there are a few mistakes here and there but nothing that causes any problems or makes anything difficult to understand. As previously stated pictures would've been nice, but the font choice and paragraph spacing used is very pleasant to look at.

8/10

Ease of Use

The method is incredibly straightforward, and although I would find it very boring and monotonous to go through with, it should only take 15 minutes a day once setting it up to keep consistent earnings. I would like to point out, that the initial setting up of the method is incredibly important as it will determine how much money you make, and the author doesn't go into a whole lot of detail or use of examples on how to make the most of this setup period, so that your end payout is the highest it can be.

7.5/10

Originality

Methods similar to this have been around for a very very long time, however it is specific enough that I would guess that a very few number of people are aware of the "topic" for lack of better word, and even fewer are able to apply the "topic" and turn it into profit.

8/10

Do all of the author's claims hold true?

So whenever I review an ebook I like to compare what I just read to what the author is claiming and see if they pulled through with their end of the bargain. Be warned the author could change his thread at anytime making whatever I am about to say invalid.

For the most part all the authors claims are true, there is no mining, no trading, and no gambling. However, I do see potential risk involved if you do decide to invest, although that risk seems somewhat low depending on how you invest. I also see potential time risk if you do not "setup the method right", which seems somewhat plausible to me, but the author may disagree and he may be correct. (Since I have not done all of the possible "setup" options I do not know for certain if there is a time risk involved) The method shouldn't ever become saturated completely, but your potential earnings definitely decrease the more people that are doing this method.

7/10

Overall

This ebook is good, I can almost bet that it is better then 90% of the "methods" being sold in this section and it would seem to me that you can make money by using this ebook with around 15 minutes of work a day for an extended period of time. This is not a get rich quick ebook, it will take a long amount of time to see large earnings, however so long as you setup the method right you will make money similar to what is being posted in the proof pictures.

8/10

If you have any further questions about my opinion of the ebook I would be happy to answer them, just pm me. If you have any support related questions or specific questions about the method please PM the auhtor or current ebook owner.

Thank you ?

Applebottomjeans - August 10, 2014, 1:02 pm

(Aug 9, 2014 10:31 PM)Iceberg. Wrote: [\[CITE\]](#) I would like to begin by saying I was given a review copy of this ebook and this is an unbiased review reflecting my own opinion. Quality of information The ebook does a fairly good job at only presenting relevant information to the reader, and cutting out most of the fluff. This by no means makes the information in the ebook lack, rather it just allows the writer to get their point across through the use of less words. I found that there were a lack of picture for the main method, although the "BONUS methods" did include a few pictures. Although pictures would've made the ebook look better and possibly make a few steps a bit more clear, their absence really doesn't take very much away from the ebook as a whole nor the method.

8.5/10

Grammar and Layout

No distracting problems, there are a few mistakes here and there but nothing that causes any problems or makes anything difficult to understand. As previously stated pictures would've been nice, but the font choice and paragraph spacing used is very pleasant to look at.

8/10

Ease of Use

The method is incredibly straightforward, and although I would find it very boring and monotonous to go through with, it should only take 15 minutes a day once setting it up to keep consistent earnings. I would like to point out, that the initial setting up of the method is incredibly important as it will determine how much money you make, and the author doesn't go into a whole lot of detail or use of examples on how to make the most of this setup period, so that your end payout is the highest it can be.

7.5/10

Originality

Methods similar to this have been around for a very very long time, however it is specific enough that I would guess that a very few number of people are aware of the "topic" for lack of better word, and even fewer are able to apply the "topic" and turn it into profit.

8/10

Do all of the author's claims hold true?

So whenever I review an ebook I like to compare what I just read to what the author is claiming and see if they pulled through with their end of the bargain. Be warned the author could change his thread at anytime making whatever I am about to say invalid.

For the most part all the authors claims are true, there is no mining, no trading, and no gambling. However, I do see potential risk involved if you do decide to invest, although that risk seems somewhat low depending on how you invest. I also see potential time risk if you do not "setup the method right", which seems somewhat plausible to me, but the author may disagree and he may be correct. (Since I have not done all of the possible "setup" options I do not know for certain if there is a time risk involved) The method shouldn't ever become saturated completely, but your potential earnings definitely decrease the more people that are doing this method.

Thank you ?

This is the kind of review I was looking for. Honest and straightforward, no bullshit. Thank you so much, everybody else just wanted a vouch to see the eBook. I had a guy scam me, but it's not really a scam since I gave him the eBook for free :(kind of sad really.

Hope this can show people it really works.

Applebottomjeans - August 15, 2014, 9:43 am

<https://hackforums.net/member.php?action=profile&uid=2298400>

I gave that user a vouch copy to write a detailed vouch for me. It has been 4 days and I have not received one yet. Unfortunately it's a giveaway so I cannot open a scam report. I caught him trying to use my method for his own good.

No more vouch copies will be given out, unless you are a mod or someone extremely well known. In the meantime sales will continue.

Kendrick Lamar™ - August 18, 2014, 12:31 pm

Okay, so 99% of the ebooks on the market are pure bullshit, but this is the second one I've ever bought that has given me a profit of any significant merit.

I'll post payment proof in a bit. I vouch the fuck outta my nigga Obliterate. He set me up, got me started, and even helped me to finally achieve what I needed for payment.

Just got my first payment today and I didn't even put in very much effort!

Applebottomjeans - August 18, 2014, 2:19 pm

Thank you very much for the vouch Kendrick. Sales are still low. If nobody buys it I'm going to higher the price a bit. No more promo's!

Applebottomjeans - August 19, 2014, 4:19 pm

If you have \$200+ to invest, please don't hesitate to contact you. I like helping people earn :)

Applebottomjeans - August 20, 2014, 5:11 pm

If you are interested in wearing my signature for a little commission pay, PM me. You won't get paid unless people buy the eBook.

GamerBoy1499 - August 21, 2014, 3:22 am

Awesome, I really was looking for some method to earn BTC but I have other thigns to buy atm so I'll be back ?

Applebottomjeans - August 23, 2014, 9:43 am

Well look at that, a sale! The eBook's been up for awhile, and there hasn't been a sale since. There won't be for a long time, so get this deal while you can. Perfect if you have extra time during school hours.

Repteezy - August 23, 2014, 1:46 pm

Vouch for my dude obliterate and this method, thanks a lot m8! ?

Applebottomjeans - September 1, 2014, 10:04 am

FLASH SALE TIME!

Next three people to PM me pay only half price for any package they wish! Only the first three, GO!

Frawshy - September 3, 2014, 5:08 pm

Vouch for Obliterate. Legit seller.

Applebottomjeans - September 7, 2014, 3:49 pm

(Sep 3, 2014 05:08 PM)Frawshy Wrote: [\[CITE\]](#) Vouch for Obliterate. Legit seller.
Great vouch Frawshy, very descriptive and detailed. Thank you!

xxGoldenNuggetsxx - September 7, 2014, 4:50 pm

I just purchased this and I am preety impressed with it. It is actually very unique and I've never seen anything like it. As OP said, no gambling or any shit like that. It is garunteed cash over time! Thanks!

Applebottomjeans - September 8, 2014, 4:18 pm

Good to see another happy buyer, makes me wonder how long until an unhappy buyer comes along.

Applebottomjeans - September 9, 2014, 7:32 pm

eBook is still up for sale for a little while longer, after that it's gone.

Applebottomjeans - September 24, 2014, 5:02 pm

I'm going to say ~ a week then this is down for good. Get this while you can!

Riddick - September 25, 2014, 4:25 am

If someone used the method, but only put 75% of effort in, how much money would you make per month WITHOUT an investment?

Endou - September 25, 2014, 1:24 pm

Method works perfectly, works damn great, this was my first eBook though!

Applebottomjeans - September 28, 2014, 10:48 am

Little while longer then this is gone. I have a couple people saving up to buy it, once they get enough and buy it, this will probably be down.

ItsBlackjack - September 28, 2014, 12:16 pm

Decided to go ahead on buy this eBook about a week ago. Honestly, this is better than the previous 6 eBooks I bought. I was expecting another LQ method, but this is not bad at all. I see great potential with this method, as I have already made my money back from all 7 eBooks I bought within only one week of purchasing this one. :)

You can have a huge vouch from me, I would recommend this to others as well!

Applebottomjeans - September 29, 2014, 1:11 pm

That's a bit mis-leading, people will think that they're going to get the refund even if it don't work etc. How is it misleading? If you don't earn anything after 60 days, you get a refund for what you didn't make. Easy as that.

Ghostwork - October 2, 2014, 2:22 pm

(Oct 2, 2014 01:07 PM)Obliterate Wrote: [\[CITE\]](#) How is it misleading? If you don't earn anything after 60 days, you get a refund for what you didn't make. Easy as that.

It saying straight up refund after 60 days, not if it didn't work.

Applebottomjeans - October 3, 2014, 1:24 pm

eBook is still up for sale! Remember if you have questions about the eBook, feel free to PM me!

Pablo - October 3, 2014, 9:02 pm

Vouch for Obliterate. Legit seller. and good sticky thread! :)

Applebottomjeans - October 3, 2014, 9:04 pm

You'll earn, trust me :). The best feeling as a seller is getting amazing LEGIT vouches, makes me feel so good ?

So glad you like it!

Mr.Oug - October 4, 2014, 11:18 am

Well that is what i was expecting to hear no bullshit.

Applebottomjeans - October 4, 2014, 1:11 pm

eBook is on sale for this week, since I bought a sticky! Get it while it's on sale!

n93bB!2__8fn@SDh..... - October 4, 2014, 3:12 pm

Well who would actually fall for this so called "Sticky sale"? I would! I was tempted into buying into it, so I said fuck it, I'm going to gamble my \$37 and buy Premium. "Fuck it" never fails! I'm quite glad I said "fuck it". These methods are original. Original, original, original. That's what they are. Finally something new and original that can actually make me something. I haven't tried it yet but these methods look really promising. Author deserves a vouch for not upsetting me, and giving a little surprise :). I'd get this while this is still a sticky and on sale, probably one of the nicest eBooks I've read in awhile.

Applebottomjeans - October 5, 2014, 7:33 pm

Next person to buy the eBook gets 10% off any package! PM after buying.

Applebottomjeans - October 6, 2014, 7:47 pm

Offer above is still going on! Get it while you can!

Yakz - October 7, 2014, 2:17 pm

Recently bought this e-book and this is what i personally think about it;

For starters i'd like to point out that's it written in an excellent grammar which makes it a nice read and easy understandable.

Personally I would rather use his other e-book located [here](#), simply because the earnings depend on your investment which gives you the opportunity to decide how much you want to be making.

What is also very good about this ebook is the fact that's it's not some 'get rich quick' scheme and with some effort a really nice amount can be made from this.

The ebook isn't a public method either so you're not wasting your money.

I can personally recommend this ebook to anybody who's looking to make some extra btc on the side.

Well done and GLWS.

Regards.
