I don't think we should worry about that because I am not a scammer, lol.

I have to much into my HF account to scam.

Plus I would never be able to live with myself if I scammed.

So I recently lost \$250 BTC when I got too anxious for a username and did a bad deal. So this time I made sure to go through a middleman. As a result I used Ty for a \$800 transaction with Abel, smooth as a baby's butt. He didn't even charge, but I included a few extra dollars to compensate.

Great MM, thanks Ty!

Fresh - February 12, 2015, 8:49 pm

Vouch for Ty, completed a \$800 deal for me and the user Mindfulone. Will defintley use him again in the future.
