Puller - July 3, 2014, 7:06 pm

Well haven't watched the anime, but the manga at this point is getting a lot better recently in plot development , it's further along than the anime however so I won't spoil it for anyone.

Nonon Jakuzure - July 3, 2014, 8:16 pm

That title image makes me think it's trying to rip off Another for some reason. I might consider it though.

Manny - July 3, 2014, 10:02 pm

Spoiler ([Click to View](#)) OMG that shit was so epic! The way she lured him into the alley & bit him was crazy. Also don't you think Ken looks awesome with that one ghoul eye?

Spoiler ([Click to View](#)) If he does get an eye patch, he'll look like Misaki from Another.

cacnecac - July 3, 2014, 11:13 pm

Just got done with the first episode, and it flew by faster then I can masturbate :(. Anyways I'm really liking it and can't wait for next week. Some manga people are telling it it was kinda fast, I hope they keep its pace steady.

Also I didn't see any nonsense white blood bs censorship lets hope i stays that way. The small censorship so far is ok with me.

Ryner - July 4, 2014, 7:12 am

The Manga is pretty damn good in my opinion. I wonder how the Anime will turn out? The First Episode was okay so far. I sure can't wait for the next episode!

I really expect a lot from this Animation, hopefully I won't be disappointed!

Elweth - July 4, 2014, 8:11 am

As compared to the manga, the anime is totally disappointing..

Omen7 - July 4, 2014, 9:23 am

It looks promising, definitely the most interesting anime of this season so far.

I wasnt planning on liking it but now I'm really looking forward to the next episodes.

Watched episode 1 today as I was busy this weekend. Show is pretty awesome and left a good impression on me.

Vamporno - July 7, 2014, 1:51 am

Spoiler ([Click to View](#))Well to be honest I really enjoyed the first episode. I like how she had everything planned even plan what they had in common. She looked innocent and was like I'm interested in you at ate some of his shoulder meat. The things I want to learn is how did he become a Ghoul just from a organ implant. Also, where did Ghoul come from where they around before humans or were they infected with some virus. Also, I'm pretty sure the main character and the girl that save him going to have a romantic relationship.

elemein - July 7, 2014, 9:29 am

Just finished watching it. It looks good, but not great. Not sure why everyone is saying it's great.

I do like that the anime does a great job however of displaying emotions. Seems rushed though...

0x1027 - July 7, 2014, 10:22 am

Is this on crunchyroll? Can anyone tell me a good reliable sight to watch this on each week?

Black Hole - July 7, 2014, 10:24 am

So I am gonna go ahead and throw this up there with AoT. Animation is great, direction is great, voice acting is great. Love it, love it, love it. I think Tohka is gonna be one of my favorite characters.

Incest - July 7, 2014, 1:02 pm

So far definitely Ep. 1 of the season. Wasn't sure how this was gonna turn out considering the studio (Studio Perriot, shouen city) and the staff, considering they are all basically nobody's in the industry.

Looked fantastic, great music. Loved the OP, Rin Toshite Shigeru being a great band (they did Psycho Pass as well). Also I really don't understand the manga was better comparisons. It's not uncommon for the manga to be better, but honestly there were certain occurrences I preferred in the anime.

Most looking forward anime so far.

Toonami - July 7, 2014, 4:21 pm

Gotta say this anime started off with a bang. It had me engrossed in the first 30 seconds.

Spoiler [\(Click to View\)](#)At first I thought the doctors were unaware that Rize was a ghoul. After some contemplation, I'm beginning to think they knew she was a ghoul and made the organ transplant to see how exactly ghouls function; essentially Ken is a lab experiment. For what purpose? I'm not sure yet, but it makes for an interesting story right?

Thanks

Spoiler [\(Click to View\)](#)There was something off about that doctor. Who knows, maybe he is a complete idiot. I just started thinking about the news report that was on the cafe's tv. The lady was interviewing some "Ghoul specialist". You become a specialist by having a solid understanding of

something; how it functions, why it functions, etc. So how do they get this information on Ghouls? Somebody has to be studying them. And where there's scientific curiosity, there's always some mad fucker who tries experimenting on things he/she shouldn't be experimenting on.

n0ir - July 10, 2014, 6:46 am

It's being broadcasted in like an hour I think, I can't remember the exact time in Japan.

Just watched the second episode. As good as I hoped it would be.

Spoiler ([Click to View](#)) Finally some good action, kind of annoying they used the negative effects for the blood, but I guess it's better than pink blood.

That was censoring? I know the part at the start was (and that sucked) but I thought the negative colouring was some effect in the actual anime. I have to say, it did look cool though. Will need to find an uncensored version later to watch.

There probably won't be an uncensored version until the BluRays are out. I checked out the first two episodes and I like it so far.

Toonami - July 11, 2014, 3:55 pm

Agreed, I thought the censoring was bullshit. However, I did think the fight scene effect was intentional but I didn't enjoy it. Those bright colors just hurt my eyes when they changed all of a sudden.

Great episode and I like how things are beginning to unfold. Did the little clip at the end catch anybody off guard? I thought it was hilarious considering how chibi-like it was and it completely contrasted the show's atmosphere.

It's aired on TV, and 13 year olds are watching it. The censoring wasn't needed for us, but definitely for them. Considering 10 year olds are also watching it, even though it's PG-13. ?

Because even with the censoring, that was totally suitable for 13 yr olds.

Kuso - July 12, 2014, 8:18 am

Sort can generic in a way with the protagonist. Everything else though, I am really yearning for. The director is the only who has this style of imagination that I have noticed so far. Something different, fresh, and mind grabbing at the same time.

They left out and skipped a bit from the MAnge was good episode nonetheless not much censoring either other than that color change.

The new episode has been out? Gonna download it lol ?

Btw, does the anime cover until chapter 20 in manga?

edit :

Spoiler ([Click to View](#))too bad, they cut most of the fighting scene T.T

yeah, hopefully they dont cut the fighting scene anymore lol ?

They need to slow down the pace a bit; rushing things isn't fitting for this type of anime. It feels like information is being shoved in my face opposed to fully developing the plot and sub-plots. Other than that, I like the series so far.

Spoiler ([Click to View](#))Do you guys think that Rize's death was actually a murder? If so, who do you think had the motive to do such a thing?

And how exactly was that creepy ass dude with the messed up eyes (one of the Doves) hurting the ghouls in episode 3? He just waved his briefcase and bam the ghouls were magically sliced up. ?

Aar?n - July 28, 2014, 3:00 pm

Meh, this show is alright.

It had a good start at episode one but is slowly declining as in terms of quality and proper pacing. Plus the censorship isn't really helping the series out by inverting the colors when there's a scene with a lot of blood or by covering the screen.

I'll stick with this series though even though it is getting worse by each episode.

Lol, I concur.

That anime was rushed from like episode 9 then it became a trainwreck.

This anime in my eyes is really going down that path though and it was rushed right out of the box.

The animators for that anime COMPLETELY butchered that series.

I don't really want to talk about it on this thread so PM me if you want to continue discussing this.

Check almost any reviewers on Youtube or any anime site, and 90% of the time they will say the series was rushed. The first few weren't too bad but other than that they butchered it. I too enjoyed some parts but overall, it the pacing was just completely awful.

Spoiler ([Click to View](#)) Basically Ghouls can die if they receive an injury that would take too long to heal or they cannot find food to help them heal. Thanks for the explanation, I appreciate it. However,

Spoiler ([Click to View](#)) It's just that any anime, movie, or book that I've seen/read, anytime the brain becomes heavily damaged/destroyed then it's game over (regardless if there's powers involved). So I just read all of the manga in under two days that are so far translated to english and I have to say. That was the most crazy ride i've ever been on. I recommend to everyone that likes this anime to do what I did and read that manga.

Don't open or quote unless you want to know Hide's connection to the ghouls ([Click to View](#))

Hide is not a Ghoul.

Hide knows that Kaneki is a ghoul because he overheard the manager and Kaneki talking before.

The reason he know so much, from what I understand in the manga, is because he wants to understand Kaneki's situation and what the difference between ghoul and human really is.

ATTENTION STOP READING THIS PART IF YOU DON'T WANT TO KNOW WHAT'S HAPPENING IN THE MANGA WITH HIDE.

From what I've read, but has yet to be explained, it seems that Kaneki might have killed and eaten Hide from either his injuries (need to be healed so ghouls have to eat), exhaustion, lust for food, or maybe from Rize's influence (in his mind).

This anime is pretty awesome. Wait, I take that back... It's FUCKING awesome. I just caught up to the latest episode in 1 sitting. The Opening song is just perfect. I'm currently learning it on guitar (acoustic, not electric). There are many things I expect to happen within the next few episodes haha. :D

Kek Tokyo ghouls fucked up hard, I'm betting straight away they are gonna fuck up the best moment of the manga just because they were retarded enough to decide to make only 12 episodes and have to skip about 20 chapters while barely covering half of the other chapters

Toonami - September 18, 2014, 9:42 pm

Let me preface this by saying I loved this episode. No I don't think it would have been better if they showed everyone fighting. Last episode was a complete clusterfuck and I can't imagine how chaotic it would have been if there were multiple fights this episode.

Spoiler ([Click to View](#)) I liked how they focused on Ken considering he got little screen time in the last episode (which was extremely rushed). Also, bringing back Rize was pretty awesome; I forgot how sexy her voice was.

Unfortunately, I saw a lot of flaws with this episode. I have a few questions which I think only the people who have read the manga can answer. Here goes a long rant.

Spoiler ([Click to View](#))

First of all, how the hell did his hair turn white? I know the last few seconds at the end of episode 11 it showed his hair white. This episode his hair was black. It was black while Yakumo was making

Ken choose which person he wanted to die. Then Yakumo leaves the room, he comes back, and Ken's hair magically turns white. At no point did Yakumo question this, he just acted like nothing happened.

Secondly, how did he have the strength to break free? Ghouls get their strength from feeding. Ken was being tortured so it's safe to assume he wasn't being fed. He should have been extremely weak.

Third, do you honestly expect me to believe Ken (or Rize?) was stronger then Yakumo? He is one of Aogiri's top dogs because of his strength and is ranked an S-class ghoul by the doves. This then begs the question how did he have the energy to beat Yakumo? (assuming he was stronger to begin with, and this goes back to my second question) I know Ken took a bite out of him but was that really enough to get all his energy back? I'm not buying it.

Last but not least (this ties in with question three), where did this badass agility and technique come from? I know they showed more of Ken's training in the manga. But the fighting that happened in this episode was no where indicative of Ken's level of training from what we've seen in the anime. It was like he was a completely different person. Sure we've seen Ken be nimble and dodge attacks before, but not like this against such a strong opponent. I think it would be a stretch to say he was holding back this entire time.

Despite all these points, I really enjoyed the series. I liked the whole internal struggle Ken experiences and how he finally made a choice after being lectured so many times. The backstories of the other characters is something that piques my interest since there have only been tidbits here and there. I really hope this did well in Japan because a second season is needed.

Spoiler [\(Click to View\)](#)

1: The reason his hair turned white is because he developed a completely new personality. which was shown on episode 11 with Yamouri.

2: The way he broke free is by eating the corpses that Yamouri left in the room. (The guy and girl.)

3: Kaneki(Rize) was always stronger than Yamouri. He just never ate.

4: Considering he was handcuffed and tortured for God knows how long, I'd imagine he'd be like a wild animal when he got let loose. Especially considering since he was able to fully control Rize's powers.

These are my guesses to your questions. I've read the manga up to chapt. 86.

Spoiler [\(Click to View\)](#) I don't think Ken per say is stronger than Yamouri but rather Rize was and that's basically the powers that Ken has now (since Ken and Rize are one in the same). Spoiler ([Click to View](#))1. I understand he changed his personality (For the most part. He still didn't completely agree with Rize.) You bring up a point that makes me think about it in a different way. The whole hair color change could very well be symbolic and not literal. Yeah...yeah I like that interpretation a lot better.

2. and 3. Were these confirmed in the manga?

After watching it again, was he actually eating the guy and girl when Rize was telling him to eat? If so, then that explains how he replenished his energy.

4. Fair enough. If he did indeed eat the guy and the girl he would have the strength to beat Yamori. (assuming he was stronger to begin with) Also, using all of Rize's power would make Ken more formidable.

Thanks for the answers. ?

manga spoiler: Spoiler [\(Click to View\)](#) Kaneki dies without achieving anything, literally not a thing, killing Jason seems to be the only kind of big thing he accomplished before he dies. That's the end of the manga so there's no like Touka revenging him or anything, it's just bam done; dead.

I don't agree

Spoiler [\(Click to View\)](#) Although Kaneki did say in the beginning that if a story were to be created about him, it would be a tragedy, it still doesn't justify as the reason for killing off the MC and still continuing the story. It is pretty much hinted that there will be a sequel. I don't think he is dead as Arima did say "You'll die, you know" on the first page of the latest chapter, meaning he wasn't dead even after that fight. Also, the leader of the CCG showed the document stating he was "erased" and Arima did say he hasn't had a hard time like that before on the first page. He may be kept alive to be used for generating new quinques or to work for the CCG, or maybe just under Arima's cover.

Spoiler [\(Click to View\)](#) No I'm pretty sure he's confirmed dead, so if he's still somehow alive it makes it even less enjoyable.

inb4 he's some super special ghoul who can regenerate his eyes and he comes back as an ultra ghoul!

Well I am going to stick with the belief that

Spoiler [\(Click to View\)](#) he is not dead. Also, Arima couldn't have received a quinque from Kaneki's RC organ because as we seen with Suuzuya's quinque, it takes several months to create a quinque. Also, his eye did regenerate as shown on the first page.

Spoiler [\(Click to View\)](#) So ive got a bit of information I wanted to let everyone see and a theory im working on about the new main character Haise Sasaki. Now just like everyone else im extremely hoping hes the resurrection of Ken Kaneki but even if he isnt im going to enjoy following the manga and his story. I mean hes the leader of a bunch of one eyes thats going to be pretty cool. But what I thought was interesting about this guy is his [Rc cell count](#) which is 2752 a normal goul has in between 1000 and 8000 humans are in between 200 and 500. Now these special inspectors that are being introduced into the tokyo ghoul universe should have an elevated amount of Rc cells into them so they will develop enough ghoul qualities to be able to fight against the ghouls eiser but they are only to be given a limited amount of Rc cells in order to remain enough human where they aren't required to eat humans and can eat normal food. Now the other investigators have Rc cells as listed 920 902 655 and 850. All of these numbers are in between 500 and 1000 making them both part ghoul and human without the need to eat humans. Its a big hint that somethings going to go wrong when someone has a Rc level of 2752 such as already eating humans or going to very soon start eating humans. I think our new main is going to go through the same problems as Ken did in the start of the original manga. We also don't see him eat the food he made at the end of chapter 2 in the new manga.

Also I believe that he is kaneki because of his age he is 22 and kaneki was 19 at the end of the first manga. Now I know for a fact its been three years because Kishou Arima was 29 in the first series and is now 32. Also he is almost identical to kaneki when he was a human just with the amazing

abilities he has after the whole Jason matter. The size of Haise is only .5 m taller and they both weigh the exact same 58kg.

If it's just a coincidence I'm going to be very surprised but also I'm not going to worry because they were talking about bringing Kaneki back at the end of the first manga anyways so he will be back either way.

I think our new main is going to go through the same problems as Ken did in the start of the original manga. We also don't see him eat the food he made at the end of chapter 2 in the new manga.

Also I believe that he is Kaneki because of his age he is 22 and Kaneki was 19 at the end of the first manga. Now I know for a fact it's been three years because Kishou Arima was 29 in the first series and is now 32. Also he is almost identical to Kaneki when he was a human just with the amazing abilities he has after the whole Jason matter. The size of Haise is only .5 m taller and they both weigh the exact same 58kg.

If it's just a coincidence I'm going to be very surprised but also I'm not going to worry because they were talking about bringing Kaneki back at the end of the first manga anyways so he will be back either way.

Spoiler [\(Click to View\)](#)

The human investigators don't have any special RC amount they fight only with their skill and Quinques, the new semi-ghoul do have a decent RC amount, apparently being under 1000 means they can eat human food and they won't go above it for sure.

NotKaneki(Haise is obviously Kaneki) has a RC cellcount of 2.7k due to the fact that the CCG probably monitors what he eats, or at least Arima does, the more you eat the more fuel you have, the stronger you are, Arima probably doesn't want him to get it too high or he might go berserk and get the Kanekipede out.

I also have a feeling that everyone knows he's a ghoul hence why no one questions why he doesn't eat.

Spoiler ([Click to View](#))I didn't say they didn't exist, I said the new semi ghouls , they have kagunes but they also have a low amount of RC and it shouldn't go over 1k since 1k+ you have to eat humans/cant eat human food.

I don't think Shu is torso, I believe Shu and the chick (Was she Hinami?) know who's torso and are trying to get Kaneki's belongings for Tsukiyama since he's probably on a 3 year long hangover by now, in exchange for them telling who torso is

?

I just read it completely & here are the things I noticed

Spoiler [\(Click to View\)](#) Chie Hori's model is Gourmet because he looked like it & only he has such an infatuation for Kaneki. Asking for clothes having Sasaki's scent is definitely Gourmet.

The two lower investigators under him are surely dummy subjects sort of & when the time for real encounter with Torso comes, Sasaki will be the one to dominate as he is more of the "real one eyed ghoul".

The girl in the last pic looked like Hinami & I'm wondering what the message from the tree could be. The way Sasaki had a nightmare with Kaneki in it, reminded me of Kaneki having nightmares about Rize. This is a sign that soon Sasaki will unleash his full force & may be even get dominated by the white haired Kaneki within him.

? Kanekipede & Sasarious ?

Lol that's the plot twist, he was never the main character to begin with. Or so some say. Some English major nerd was talking about how in literature when there's several volumes, or a continuation of a series, the author can plant the seeds the first series just to sow them in the second.

If I remember properly TG wasn't supposed to continue but since it was so hyped up (cuz the menga waz da bawmb), he just continued it.

If anything of that sort were to happen, the whole point of crying Touka picture displayed in the animes would be useless.

When she says that he would be back, then it must be Kaneki & nobody else.

& if we got through the plot you suggest then there's no one other than Hide who fits perfectly in that.

I will tell you one thing for sure, no matter what Kaneki ain't dead yet.

It maybe true that they are stuffing his organs into somebody but even if that were the case if the real one eyed Kaneki were to regain his strength back & turn Kanikepede he would really shake all the balances.

Amidst all, It doesn't matter to me if Haise= Kaneki or not.

I believe it's not shown yet that's it the Black rabbit, all it says. It could be either because both their hair is short. If you look behind the mask it's slightly longer. (That's why believe it's Touka). Also, the character design is completely black so we don't know who it is yet.

Spoiler ([Click to View](#))

Aogiri Trees's rabbit is Ayato.

It would be confirmed in the next release but that's what I think is true.

Anyways, whoever it be, it's gonna be yet another fun-ride.

Jason tortures Kaneki.

Kaneki goes through some tough character developement.

Beats up Jason, then Suzuya cleans him up after Kaneki goes to rescue Touka.

Touka was getting her kagune eaten out by Ayato (her bro)

Ayato vs Kaneki.

Kaneki breaks half the bones in Ayato's body, resulting him winning.

The one eyed owl comes out. CCG Vs. Owl, Chases owl out, Anteiku gets out, CCG gets out. Event is over.

Everyone's suprised at Kaneki's transformation, Kaneki makes a gang.

Kaneki then goes to the gourmet place and eats everyone then fights those two chicks.

Might have missed a major part of the plot, but I'm not saying because I'm not sure whether that

comes before or after, but that's the main gist of it.

That damn girl

Spoiler [\(Click to View\)](#)

She just gets more & more beautiful.

Hurry up & begin dating Sasaki/Kaneki already.

I think Touka might have gone to visit Nishiki's gf, Kimi, who was probably attacked by Torso & hence the reason why Serpent/Nishki was after Torsu.

Seems a far-fetched idea but could be very much true, I don't find anyone else fitting the profile more than that.

If this is true then we might see Serpent at the auction too.

So I uploaded the whole first season (Does "season" apply to manga too?) of the series to my site because someone requested it.

<http://www.mashumaro.com/manga/tokyo-ghoul/>

Decided to read it after to see what the whole fuss is about. Took me about a day or two maybe. It was a good series I suppose, but I disliked the cliché scenarios greatly. To be honest, I'm still not sure why it seems to be so hyped up lately. It doesn't seem THAT special. I'm thinking it's the whole "basically super zombies, but alive" thing.

Maybe it's just my preferences, but it'd be nice if someone could try and explain it to me.

But dat ending...Ended REALLY abruptly. I haven't seen the second season yet, but I intend to upload that one too and read it as well because I very much hope things get explained this time around.

Also reading it and I'm at Chapter 9 as of this post time. Kinda confused. So who is this Kaneki 2.0? Did they revive Kaneki 1.0 and just brainwash him or something? Did they take his...core thing and implant it in some random kid to be the next top Investigator? Am I just not far enough to know yet?

He also seems to think the "Ghoul Voice" is his past self. So would they be the same person? Two different people with one thinking the other is the past? The same two people, but now with different thinking?

Also, so who was the Rabbit Double attacking people in the first one? It didn't seem to be Touka since she was really focused on School and living a normal life...or was it really her and she just stopped after getting the keychain?

VYKTOR - April 5, 2015, 5:11 am

THis was very fast paced.

The lack of Sasaki hurts me a bit but I hope it would be covered in the later chapters.

Urie is smarter than I anticipated & Takizawa does follow orders.

This is gonna be a good contest hopefully Pineapple doesn't kill one of the quinx but if he does then only we'll see Centipede.

Urie may be a big cunt but he's not foolish.

I hate him a lot but I gotta say he has brains to figure out ways in critical situations.

If only he was a bit less concerned about his pride & achievements he'd have been in the good character list.

Other than this, I wouldn't want him getting killed. Among all the quinx he looks more powerful than

the others & is more adept to fighting.

Still he needs a good beating without any doubt so that he knows his place?

There's an unknown heading over to where Sasaki, Hinami and Seidou are. Amon or Hide? I wish it would be Hide but I seriously doubt he'd show up right now.

Peanut Butter - May 31, 2015, 6:10 pm

[Tokyo Ghoul:re - Pute \(Chapter 31\)](#)

that ^ ([Click to View](#))

So that unknown was confirmed to be Amon cannibalizing runaway ghouls.

Sasaki Ken/Kaneki Haise? I could live with that.

What do you think will happen with Hinami? She'll probably get locked up in Cochlea to stay safe under Sasaki and Saiko's care/visits. Even though Arima casually agreed to him getting the "rights" over Hinami, I doubt he'll keep his word because that's just flat out suspicious.

EDIT: thank god for rereading.

I decided to search up Yasuhisa because I couldn't remember who's name that was, it's the last name of Kurona and Nashiro. I guess they both (unless Shiro actually died) teamed up with Amon, I wonder how much their skills have improved since the raid.

Arima had me spooked for a little bit there, Haise's shaky voice didn't help much either.

Yeah but you never know with ghouls, Kaneki being a prime example. He got stabbed in a way that should've been certain death, yet he's alive and kicking. Shiro's a hybrid too so I think it's likely that she could be alive.

He knows he's Ken after the events of the last arc. What he wants to do is to investigate more about his past by probably looking up files within the CCG, hence why he needs Ken's name.

You can actually see kid Ken looking up from a book in the panel directly under the Kaneki mask. ^^

That 'letter' is actually the inside cover of a book, "The Hanged Man's Macguffin" that I believe Hide went to Takatsuki's book signing event with Hinami (or was it just Hinami alone I don't remember) in the prequel. The letter they were talking about was the 'Happy Birthday' letter that was supposed to originally accompany the book to Ken until shit hit the fan and Ken never received it.

Also, Hinami x Ayato?

Yeah that'll be interesting, but we'll have to wait for like 9+ chapters before that actually happens. :c

Something I really wasn't expecting, but he risked his position when they strayed from the orders and that first meet (or would it be reuniting? I can't remember if Hinami was there when Kaneki got kidnapped). Before I would've been bothered by it but seeing how Ayato has softened up, I'm okay with it.

New best... whatever that is.

it's already suspicious about how kind Sasaki's being to Hinami, great first impressions.

I agree, Part 2 is really dialogue heavy...

It's still enjoyable imo.

He can't exactly keep her forever or break her out, :re, Ayato and maybe Torso would have to. Tatara obviously doesn't want to risk it.

Touka defies all rules regarding weather as she wears a heavy coat and runs around in a super short skirt as it's snowing. Also, the Kaneki/Touka romance needed to be a thing. ;_;

Really looking forward to this current arc.

I am confused on Tokyo Ghoul:Re, so did he get revived or something? Why did he lose his memory. Have to wait a week for every chapter sigh.

Spoiler ([Click to View](#))Saw this on a reddit post...

It seems like the mangaka is trying to re-emulate the past aka TG P1.

1st is Nishio, then Touka/Yoshimura (Yoshimura is represented by Arima), then Hinami is introduced, then the dinner arc in P1 is represented by the auction in P2, then in P1 it was Shu, now it's Shu's arc.

Not perfect, but it's very similar...

Spoiler ([Click to View](#))In P1, do you remember when Kaneki was stabbed through the eye and through his head by Arima. This was during the arc, where the cafe was attacked by CCG.

I assume it has something to do with this. Even if his brain could regenerate, it doesn't mean his past memories would stay. The past memories need some sort of trigger for his to be able to remember his past.

Spoiler ([Click to View](#))I bet Haise and Uta are just going to talk about Kaneki. Right now, I don't think that Haise

would become hostile towards him. I think Haise probably got a tip off from Hinami when he was at the jail and it motivated Haise to investigate who Kaneki was... ie. looking for past friends of Kaneki or people who had contact with him.

EDIT:

Spoiler ([Click to View](#))Also, that part with Shu and his attendant was somewhat surprising imo. Didn't expect

Shu to behave like that. I thought he would more of an Elitist type of attitude since he came from a high up ghoul family.

Yeah I doubt it too, I still thought he would've covered it up or something. If anyone were to walk in on him and Haise talking while he has his kakugan visible, both of them would get in shit.

Just hope all goes well for Kaneki/Haise. Also what was with the kagune wall? I got a little lost there. went back and re-read that part, nevermind.

imo, it's getting pretty hard to keep up with TG:RE. You really have to pay attention to get all the

details.

Might drop it for a bit and binge read in a couple weeks.

Sure you have to pay attention to detail, but it's still a really nice read. Although Spoiler [\(Click to View\)](#)the whole thing with "Tsukiyama family or Master Shuu" going on with Kanae's getting annoying and I hope Ishida does something with it soon.

I'd binge-read but I don't think I have the patience to go that long without reading a chapter of Tokyo Ghoul, even with this new summer season and all its shows.
