Pung0d - July 6, 2014, 2:57 am

The skype is suspended, It may take a little bit of work to get it unsuspended, butttttt hey whatever gets the skype back into working condition,

Skype: Tragic

BIN: 40\$ it's only a bin, calm down.

Has alot of potential to be sold for alot if unsuspended.

PrivateDonut - July 6, 2014, 11:38 pm

I might have bought it, if it wasn't suspended. However good luck selling it.

What exactly does it mean when a Skype is suspended? What can't it do?

It won't let you sign into the skype application, it's barred from use until unsuspension by support.

Is it suspended forever? or is there a date

What is the ban reason on the account exactly? ?

They don't give reasons,
it just happens, probably someone attempting to jack it over and over.

and @TryAgain, they stay suspended until you do something about it, I didn't do anything so there is a chance for unsuspension.

Nobody wants to buy this to try at all? This Skype has alot of potential,
Let me know if you want to work something out, I take trades too.

I'll buy the Skype account, as long as it wasn't suspended for fraud and you know the year and month when it was created.

Sent you a Pm regarding this,

Anyone else interested in this?

Pung0d - July 16, 2014, 1:09 am

So I guess nobody is interested?

I'm not going to try and unsuspend it because I don't want to fuck up haha.

Let me know.

The Virginator - July 18, 2014, 7:05 am

I am interested but not at all at your bin. Tbh I would only offer 10\$. Sorry if that seems like a lowball.

Dream™ - July 18, 2014, 8:52 am

I'm sure we could make a deal?

If you provide some sort of warranty / Refund if It cannot be un-suspended?
