Thread: [Destiny Beta Codes Method \[FREE\]](#)

Zanwald - July 8, 2014, 11:49 pm

For anyone who doesn't already know it. Please PM me and I'll give you the step by step to do it.

I know this has been done several times but I just saw someone making a profit from them in secondary sellers and rather than sales trash I'd rather tell everyone how to do it here. If this is in the wrong place or annoying anyone then I'll close it on the spot. Just let me know. :3

[Bytific] Andy - July 10, 2014, 6:47 am

What other games could this method potentially work for?

Thanks Zanwald, it worked a charm.

Zanwald - July 10, 2014, 6:57 am

Assassin's Creed Unity Pre-order stuff? Pretty much anything that has preorder bonuses delivered before release.

RainbowRiceCake - July 10, 2014, 2:54 pm

I got it to work, they sent me the key and around 4 minutes after that they canceled the order.

Man16 - July 12, 2014, 6:43 am

Great method, thanks for releasing it.

Zanwald - July 12, 2014, 6:48 am

It was actually released by someone else before me, but someone was trying to make money off of it. I didn't want that to happen considering it was originally given out freely. Anyways, for DESTINY this is only going to be viable for the next few days until the 17th hits and the beta starts. So pass around the method as much as possible before then if you can so as many people who want into the beta will have access. Thanks everyone.
