You're not upgraded so you can't do it.

Got to be upgraded....

Please use the search button next time btw.

You must be a upgraded member to give reputation.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.

You can't post PMs outside the deal disputes section.

I just wonder how many upgrade services do we have? Since I have seen so many different badges.

Server97 - July 9, 2014, 11:37 am

It's called being upgraded. Only upgraded members can do it.

Goodies - July 9, 2014, 12:22 pm

As a normal member, you cannot give reputation. You must upgrade ([Upgrade Here](#)) to I33t to be able to give 0 and +1 reputation. Once you have been I33t for some time, you can upgrade to ub3r ([apply here](#)) which will allow you to give anywhere from -3 to +3 reputation. You must be personally approved by Omniscient before purchasing the upgrade. This is not true for I33t.

Additionally, at any time, you may upgrade to 3p1c ([upgrade here](#)). This is an additional usergroup that Omniscient is in the process of creating. You may only purchase it with OMC (Omnicoins) which is HF's (un)official crypto-currency. You can create an OMC wallet online (for free) [HERE](#). You may exchange another currency (such as PayPal) for Omnicoin at the [Currency Exchange](#).

In order to obtain the ability to grant reputation, please [upgrade](#) to I33t.

With this upgrade you'll be able to give +1 and neutral ratings.
