What I am saying is that under 3P1C I think it should be orange.

Would look cool, I agree :3

Also will be purchasing 3p1c soon

I'd support this idea, but Omni said that he wouldn't take any design changes :(

I considered Design as the site Design, oh well. :-)

Thanks for supporting the idea everyone.

I just think it would look nicer, better than the normal thing.

Since 3p1c is a secondary group, I doubt this will be implemented.

I mean it would still look nicer, and cleaner.

While we're at it, why not have a matching color for the Username?

L33t has its light green, and Ub3r has its darker blue.

That would be nice :). It's an upgrade just liek L33T and Ub3r.

Odus - July 9, 2014, 8:02 pm

They are different colors, pay attention.

I kid, yeah it would be nice but I think its too much color for a forum like this. We need something more noticeable though.

MoonSun - July 9, 2014, 8:11 pm

yes, 6 orange bars would be nicer :)
